TOM STRAIN, the Acalanes hero in the Miramonte Jamboree, is carried off the floor after making the basket that tied the game with Las Lomas and gave the Dons the championship.

MIRAMONTE'S ROOTING Section won first place in the best cheering section competition during the jamboree. Jeff Neighbor, head cheer leader at the Matador campus and Bill Brown, president of the Block "M", accepted the trophy.

MEET THE ALL TOURNAMENT TEAM: Dave Shaw, Piedmont; Tom Nichols, Las Lomas Knights; Bill Caldwell, Miramonte Matadors; Paul Collin, Acalanes Dons and Bob Nichols, also of Las Lomas, left to right.

FAST ACTION was the key to the jamboree. Dave Shaw of Piedmont No. 12 goes up with Miramonte's Bill Caldwell, No. 25 and Milt Howe, No. 43. See Sun Sports for details. —Sun photos by Mattson.

## New Girl Scout Groups Busy in Orinda Area

Wearing their new uniforms for the first time, the Brownies of Troop 265 of Orinda had their investiture ceremony at the home of Mrs. James Felchlin of 28 Cascade Lane. At this time, the 17 girls in the group became full-fledged Brownies.

Mrs. Victor D. Smith is troop leader, assisted by Mrs. Roger Olson and Mrs. Joseph Eldridge. Regular meetings are held every Tuesday at 9 p.m. in the beach house at the James home.

MEMBERS of the newly formed Troop 265 include: Ann Smith, Marilyn Mitchell, Gloria Svenson, Candy Siegal, Sara Lohse, Gay Felchlin, Eve Kermit, Dana Sassone, Kristin Olson, Patty Needland, Mary McCarthy, Viki Eldridge, Sarah French, Leslie Ingalls, Claudine Golden, Sally Denison and Susan Weirick.

Troop committee members include the Mesdames Herbert Siegel, William Weirick, James Felchlin, Gordon French and Ray Ingalls.

Very proud of being intermediate Girl Scouts are members of new Troop 130, who have just registered. Meetings are held at the home of Mrs. William J. Marshall, leader, at 170 Camino Sobrante, at 3:45 p.m. on Monday. Assistant leaders are Mrs. Russell Gilwee and Mrs. Howard Thompson.

TROOP COMMITTEE members include Mrs. Harvey Parry, Mrs. Gerald L. Pixley and Mrs. Chandler Barkeley. Resource consultant to the troop is Mrs. Odie Monahan with Mrs. Thomas Titmus assisting with outdoor activities.

Miss Linda Van Sickle of Mariner Troop 61 serves as aide to the leaders and is an inspiration to the new Scouts. Linda has been a Girl Scout for eight years and after receiving the curved bar award joined the Mariner Ship Drednaught, under the leadership of Mrs. E. P. de Laveaga.

Members of the troop are Clare Barkeley, Barbara Braly, Marcia Brooks, Carol Carlock, Marcia Dodge, Cidney Esterbrook, Janet Gilwee, Linda Grimes, Kathleen Jackson, Pamela Marshall, Megan Monahan, Katie O'Connell, Juliette Ohleyer, Anne Parry, Pamela Pixley, Marilyn Titmus, Dana VanDyne and Emily Witt.

AT THEIR LAST meeting this troop voted to assist other area troops who are busily making our Day Camp, Twin Canyon, a beauty spot by planting and caring for trees which were donated to us by some pretty wonderful local nurseries. Troop 130 has 20 small pines which they will trans-

fer to gallon containers and care for the trees until planting in the spring.

A banner day was had by Orinda Girl Scout Troop 107 recently when a Court of Awards was held at the Orinda Scout Hut. Mrs. Hugh Reed, troop leader, handed out 68 badges to the deserving girls.

The Broth of Kris Kindili, a Swiss Christmas play done in costume, was presented by Rory Reed, Margie Timmus, Leslie Peterson, Gay Searcy, Laurel Kersten and Joan Gilbert. Caroling roles were sung by Leslie Brunk, Wendy Thompson, Connie McClure and Karen Detloff. Festive Christmas decorations made by troop members were much in evidence, and refreshments were served to the attending mothers, brothers and sisters.

Assistant leaders of Troop 107 include the Mesdames John Gilbert, Warren Detloff and George Anderson.

Troop 107 will also join the Orinda Scout troops who will carol at Kaiser Hospital in Walnut Creek, Monday, December 21, at 7:30 p.m. Rehearsals have been held at the Orinda Community Church and after the caroling the troops will return there for hot chocolate.

On December 18, intermediate troops from the Glorietta area will sing carols in the vicinity. Mrs. Wayne Miller, Glorietta neighborhood chairman, says that in the past individual troops sang carols but this is the first time the troops have combined and the result will be an 80-voice choir.

SINGING will be led by Mrs. Wencil Smith and Mrs. George Stratos. Other Girl Scout leaders, troop members and mothers have been invited to carol with the girls and return to the Glorietta School for refreshments.

Other festivities include Girl Scout Troop 292, who are combining second class requirements for dramatics and homemaking, with a party. Scouts have invited a group of youngsters who will be Brownies next year to the home of leader, Mrs. Robert Bartlett, 25 Parkway Court, where they will present two plays, "The Brownie Story" and "The Night Before Christmas." Scouts also planned and made the refreshments and decorations.

Mrs. Bartlett is assisted by Mrs. Russell Smith and members include Susan Bartlett, Elaine Anderson, Fran Landwehr, Chris Jones, Terry Richards, Laurie Ferrone, Pamela Small, Elaine Hancock, Kit Livingston, Nancy Harmon and Susan Smith.

## State Approves New Funds for Orinda School

The State Allocations Board approved the expenditure of nearly \$700,000 for construction of the proposed Inland Valley Intermediate School, Superintendent of Schools Joseph Sheaff learned Tuesday.

Exact amount of the funds in the allocation, which is based on priority points in competition with all of the other school districts in the state, is \$698,806.98, Sheaff said.

ALTHOUGH THAT amount has been set aside for the Orinda project, the superintendent explained, the contract price of the construction must remain within a figure which is considerably lower. Sheaff said the additional funds are for soil tests and costs over the actual contract.

Bids for the school construction will be opened at a special meeting of the Orinda Union School District board of trustees at 7:30 p.m. December 30.

Sheaff said that if any of the bids submitted are acceptable construction on the project may get under way by mid-January, meaning that the school will be ready for occupancy by the time school starts next fall.

THE SEVENTH and eighth grade school, the local district's second intermediate facility, will be located on the same 22-acre Moraga Midlands site where the Inland Valley kindergarten thru sixth grade school opened last week.

Cost of the elementary school project, which contains 14 classrooms, two kindergartens and administrative wing, was \$378,380. The site was purchased three years ago for \$109,000.

State officials also allocated an additional \$50,138 for furnishings in the proposed new building, which will be almost exactly the same size as the Pine Grove School.

BECAUSE IT will be exclusively for seventh and eighth grade use, the multi-purpose room at Inland Valley Intermediate will be larger than the one at Pine Grove School, Sheaff said.

In addition to the multi-purpose room, the proposed school will include 10 classrooms, two libraries, a home economics room, administrative unit, kitchen and staff dining room.

William Gaskell will serve as principal of both the Inland Valley elementary and intermediate schools.

## Association Directors Named

### Members Elect Five New Officials to Local Board

Some surprises and a heavy vote turnout marked the results of the election of five new directors for the Orinda Association, which ended last week.

The biggest surprise of all was the upset victory of John Cheney, 2 Tumbling Brook Road, over Harry Fledderman, 10 Los Conejos, for the Zone I seat on the board now held by President Donald M. Anderson.

CHENEY, A RETIRED Navy officer and a relative newcomer to Orinda, garnered 193 votes to Fledderman's 171 in one of the election's closest races.

Fledderman, an attorney, is president of the Hacienda Improvement Association and a member of the Orinda Association's civic affairs committee.

Other results were as follows:

ZONE II, succeeding Arthur A. Pedersen: Charles Dana, 15 Tappan Lane, 200; Pedersen, 72 Lombardy Lane, a candidate for re-election, 185.

Zone III, succeeding Embrace Hockenbeamer: Bruce Howard, 621 Miner Road, 282; Oliver P. Pearson, 629 Miner Road, 112.

Zone IV, succeeding David Young: Mrs. Robert E. (Helen) Haslam, 14 Ramona Drive, 227; W. R. McBride, 15 Ivy Drive, 143.

ZONE V, succeeding Harry Booth: David Saenger, 25 Lost Valley Drive, 212; Lovick Borden Pearce, 22 Oak Drive, 138.

Members of the tabulating committee reported that the vote totals would have been higher had all association members voted for all five zones.

Many voters cast ballots only for the candidates in their own zones, according to the committee.

THE 394 TOTAL of votes cast in Zone III was the election's highest, and observers acknowledged it was one of the largest turnouts in the association's history.

Howard, the new Zone III director, is a native of Walnut Creek and an Orindan for the last 15 years. For three and a half years he was president of the Contra Costa County Taxpayers Association. His vote total of 143.

282 was the highest afforded to any individual candidate.

Mrs. Haslam will become the second woman on the nine-member board of directors. Connie Hall, the association's secretary during the last year, was elected to a directorship a year ago.

OTHER HOLDOVER directors of the association are Les Hink, Jr., Vice President Victor Kingston and Phil Mittel.

The new directors will be seated and the board will be reorganized at the group's next meeting December 28. The meeting will be held at 7:30 p.m. in the Orinda School.

## PH Annexation Election Fails By 760 Ballots

An attempt to annex Pleasant Hill to Walnut Creek failed at the polls Tuesday by 760 votes, a 3½ to 3 margin.

Some 4910 voters out of a total registration of 8860 cast 2837 no votes against 2073 yes ballots.

If the election would have been successful, Walnut Creek would have become the second largest city in Contra Costa.

The results of the election preclude any annexation, incorporation or other governmental changes in Pleasant Hill for at least six months, according to state law.

The issue passed in two precincts which are located just north of the Walnut Creek city limits.

In the remainder of the 15 consolidated precincts the issue lost by an average of 52.6 votes per precinct.

The voters decided Tuesday that Pleasant Hill is to remain the largest unincorporated area in the county with its population of over 28,000.

Both opponents of the measure and proponents issued statements Wednesday that they would work together in the future to determine the governmental future of the community.

## County Enters Study of Court System With Council

The Contra Costa County Board of Supervisors will ask the State Judicial Council to study all municipal and judicial district courts in the county.

Following the study, the board will hear the recommendations of the council concerning the possible streamlining of the county's court system.

THE ACTION of the board, taken in Martinez Tuesday in a 4-1 vote, was spurred by Thomas J. Coll, third district supervisor from Concord.

The board said the survey would be aimed at eliminating a "hodge podge" of lower courts.

## Deadlines Early For Yule Edition

Because of the Christmas holiday, all Sun deadlines will be earlier next week.

Classified ads must be placed with The Sun by Monday at 10 a.m. instead of the usual Tuesday at 10 a.m. Too late to classify will be taken until noon Monday.

Similarly, display advertising deadline is today at noon instead of the usual Saturday.

All news copy must be in the hands of the editors earlier than usual also. General copy will be accepted until Tuesday at 3 p.m. Society and sports copy must be in the editor's office by Monday at 5 p.m.

## Man Proposes, God Disposes; Twins Are Born

Despite a court order, nature prevailed and Lucy Martinez, sentenced to jail for continuing to have children out of wedlock, gave birth to twins Sunday.

Miss Martinez is now the mother of eight children. She and Lucy Turrietta, a divorcee, were sentenced to jail for violating a court order against continuing motherhood outside the legal bans of matrimony.

Judge Michael Gatto of Pittsburg Judicial District ruled nearly one year ago that the pair should not have any more children unless they are married. He found the pair guilty of fraudulently collecting welfare funds. They have received some \$21,000 since 1953.

Judge Gatto ruled that Miss Martinez should serve two months in jail or remain in jail until her baby was born. The babies were born prior to the end of the two months sentence at the Contra Costa County Hospital. They are a boy and a girl.

The women have filed an appeal on the basis that the court order banning them from having children violates their constitutional rights.

Lucy Turrietta is at liberty under \$1000 bond pending a hearing on the appeal January 26.

The women are being defended by the American Civil Liberties Union.

## Suggestions Received For Man of Year Award

The names of Mrs. Betty Chilton, who headed the summer work program at Miramonte High School last summer, and Mr. and Mrs. Nathan Gray have been suggested for consideration as possible 1959 Orinda Man (Woman) of the Year winners.

There still is a little time to submit your candidates for the annual honor, but members of the selection committee are speedily drawing their work to a conclusion. The suggestions may be sent to The Sun, P.O. Box 147, Orinda.

MEMBERS OF THIS year's committee are Mrs. Millard Simon, chairman; Donald M. Anderson and Zach Montgomery.

The Sun sponsors the annual Man of the Year award, but the decision is entirely up to members of the committee. They will select the person they think contributed the most to the welfare of Orinda during the last year.

Announcement of the winner will appear in the December 31 issue of The Sun.

## Cal Honors at Entrance Given to Three Orindans

Three Orindans are among the nearly 125 freshmen from Bay Area communities at the University of California's Berkeley campus who have been presented with the "Honors at Entrance" award in recognition of superior scholastic achievement in high school.

The three are Judith Anne Blanchard, 53 Crest View Drive; Brian Edmund Leonard, 5 Stanton Court; and Barbara Stross, 44 Oak Drive.

HERMAN A. SPINDT, director of admissions, and the committee of undergraduate scholarships reported this week that a total of 401 freshmen who began their studies at Berkeley this fall received the certificate following a careful check of their grades.

Those given the award represented only about 14 per cent of the 2834 freshmen who entered this semester.

In order to qualify for the "honors at Entrance" certificate, the student in most cases must have earned "A's" in all but one

## Special Fire Tax Zone Established For Moraga Area

Residents of the Moraga, Orinda Canyon areas included in the East Contra Costa Fire Protection District will pay a higher tax rate for their fire protection beginning in July.

A special taxing zone of the land-poor fire district was established by action of the County Board of Supervisors Tuesday. The board's unanimous action followed a recommendation by the fire district's board of commissioners.

THE SPECIAL TAX zone for the Moraga area was proposed in order to equalize the tax burden between the district's rural areas, which requires little service, and residential Moraga, which requires extensive service.

Only change which was made by the supervisors in the district board's recommendation involved the boundaries of the special zone. The thinly populated Bolinger Canyon area was excluded from the proposed zone at the request of Captain Harold Parker, president of the Canyon Improvement Association.

The omission of the area, about 5000 acres, was also requested of the fire commissioners last week, and the commission asked the supervisors to consider Parker's request.

INSTEAD OF coinciding with the boundaries of the Moraga School District, as originally proposed, the new special tax zone now coincides with a boundary line of the Central Contra Costa Sanitary District.

According to Howard Wiedemann, chairman of the fire commission, all present and future residential and commercial development in the area will be served by the sanitary district.

He said residents in the Moraga area can expect reduced fire insurance rates to offset the tax increase after the tax rate is set next June or July.

## Miramonte Will Celebrate Yule

The beginning of the Christmas season will be celebrated at Miramonte during the Christmas Festival assembly today.

Both the music department and drama club are contributing to the program. The songs and music will feature the choir, girls glee club, and girls ensemble.

JOSEPH MOREL will provide an inspirational reading. Norwegian songs will be rendered by the girls ensemble.

Decorations will be the work of the drama club, including the tableaux. The tableaux, or human picture of the songs, is staged, designed and costumed by Gail Currier, Sandy Buehler, Iris Scott, Karen Fitzgerald, and Lorna Wallace.

At the climax of the Christmas Festival assembly, the Miramonte student body will sing "Holy Night."

Coed Joins Sorority

Judith Smith, daughter of Mr. and Mrs. Leroy Smith of 205 Moraga Way, has recently pledged membership in the Theta Nu Alpha sorority at Pacific University, Forest Grove, Oregon.

## Supervisors Set New Tax Procedures Orinda Pools Is National Winner

Contra Costa County special districts will have a new procedure to follow when they submit their capital outlay budget to the board of supervisors next year.

Assistant Auditor - Controller Donald Funk said Tuesday the new system will affect 20 or 30 small jurisdictions including fire protection, sewer and flood control districts.

In the past, he explained, special districts have turned in their capital outlay budgets in a single, all-inclusive amount. He pointed out that the board had control

only over this total.

With the new method, adopted last month by the supervisors, the districts will submit an itemized breakdown of capital expenses, making it possible for the board to keep tabs on budgets throughout the year.

Those not affected by the change will be jurisdictions which do not make capital outlays, such as lighting districts.

At the height of the Tibetan crisis, CARE provided 90 per cent of the daily food rations for 7,000 of the refugees who fled out that the board had control

The nation's outstanding family swimming pool in 1959, costing less than \$5000, was designed and built by Orinda Pools, Inc., of Lafayette.

The local firm was announced winner of the Swimming Pool Age Design Awards Competition, at a special ceremony held in New York Monday.

ORINDA POOLS RECEIVED a gold medal from noted actress Nina Foch, guest of honor at the ceremony, which was held in conjunction with the annual trade exposition and convention of the National Swimming Pool Institute.

The best-designed pools in other price categories of residential pools, as well as the outstanding semi-public and public pools, were also honored by Swimming Pool Age magazine.

The Orinda Pools design singled out is a kidney-shaped pool measuring 18 feet by 40 feet, and was built of pneumatically-applied concrete. It cost \$4895.

## Lafayette, Orinda Parents Meet on Pop Warner Tilts

The proposed Lafayette-Orinda Thunderbirds Pop Warner football team Parents Boosters Club met for the first time December 10 at Montecito School in Lafayette.

Pete Villa, head coach and organizer, introduced the coaches, the staff, showed a movie of the Contra Costa Pioneers 1959 highlights in the Pop Warner Conference and answered questions about the team.

Villa said the playing weight limit is 120 pounds, however, he added, "Through the process of conditioning a boy should lose at least five pounds."

He advised that boys over 125 not come out for the team before checking with the family doctor.

The cost for running the program will be in the neighborhood of \$2500. This includes equipment, bus transportation, custodian fees, three officials a game and possible bowl invitations.

Parents will not be expected to contribute directly, Villa said. "Money will be collected through fund raising events."

Practice will begin next August with tryouts on the team open to all boys between 11 and 14 years of age whose birthday does not arrive before September 1.

"Boys will not be asked to buy shoes until after the squad is announced," said Villa. Prior to that date boys will work out in tennis shoes and football gear.

Asked whether the proposed team would hurt the grammar school flag football program, Villa said, "We probably won't draw more than four kids from any one school."

Villa also compared the Pop Warner program with that offered to high school freshmen. "We can offer better coaching and more playing in our program," he said.

## Glorietta Yule Lighting to Be Judged Tomorrow

This is the big weekend for the residents of the Glorietta area.

The Glorietta Improvement Association will hold judging for its third annual Christmas Outdoor Lighting Contest from 7 to 10 p.m. tomorrow and Sunday.

W. Neill Porter, association president and chairman of the contest, cautioned all Glorietas interested in competing that all outdoor lights must be on both nights, or they will be disregarded by the judges.

First prize in the competition is a \$25 U. S. Savings Bond, and Orinda area merchants have contributed additional prizes valued at more than \$75, Porter said.

# Science on First Grade Level?

A GRAPHIC illustration of the laws of force is performed by a fifth grade student at Orinda's Del Rey School, under the watchful eye of Dr. Robert Karplus of Orinda, University of California physicist who heads a 15-man project team studying the teaching of science in the elementary schools.

COLOR SLIDES are among the teaching materials being employed in the engrossing University of California study of science teaching in the elementary school. Orinda's Del Rey School is one of three schools in the Bay Area (and the nation) participating in the long-range study, which is being headed by Dr. Robert Karplus, Cal physicist who lives in Orinda. Berkeley's Washington and San Leandro's Madison are the other two schools.

By LARRY GLAZIER

It may not be too very long before a basic science curriculum is instituted in the nation's elementary schools.

And if such a program becomes a reality within the next few years, a young Orinda scientist will be proud to accept a good deal of the responsibility for it.

DR. ROBERT KARPLUS, 57 Overhill Road, Orinda, a professor of physics at the University of California, heads a 15-man staff working on a long-range study of course content improvement in elementary school science under the auspices of a National Science Foundation grant.

Three of the other members of the staff are from the central county area — Dr. Leo Brewer, chemist, and J. P. McKee, psychologist, are also from Orinda and Dr. Lloyd F. Scott, a professor of education at Cal and the group's educational investigator, is from Pleasant Hill.

Orinda's Del Rey School is one of three elementary schools in the research project. The other schools are Washington in Berkeley and Madison in San Leandro.

THE PROJECT WAS STARTED last July when a preliminary study by Dr. Karplus reached fruition with a \$40,000 research grant from the National Science Foundation, an agency of the federal government, for the first year's study.

Dr. Karplus stated proudly that the \$40,000 allocated to his group for distribution through Cal is the only elementary school science grant awarded by the foundation in the entire nation.

The group recently submitted a new proposal to the foundation for an additional budgeted grant of \$295,000 to last from July 1, 1960, to June 30, 1962. Dr. Karplus estimated that the whole project probably will take about five years after the expiration of the new grant, if it is approved.

AT PRESENT THE program is purely a research one, which Dr. Karplus explains "Will teach us something about elementary school teaching so that we can improve the teaching of science in the elementary grades."

All grades from one through six are involved in the study, and the young Orindan said he hopes to include kindergarten classes at some time in the future.

Before the study — a unique proposal in the nation — is completed, Dr. Karplus indicated, the emphasis will shift from research to production, at which time the study staff will begin writing texts and producing other tools which will aid elementary science education.

ALTHOUGH MANY PROFESSIONAL groups are and have

been giving considerable attention to the improvement of specialized science courses in high schools, the Cal group maintains "It is probably in the elementary grades that the presentation of science is most important and can reach the largest fraction of school children."

This, Dr. Karplus explains, is true because then the students who are not especially inclined toward science study in higher education still can become "scientifically literate citizens."

The U.S. proposal, Dr. Karplus said, "gives a small group of interested scientists the opportunity of working with educators and outstanding elementary school teachers in a search for examples of teaching procedures that can convey to the pupils at various grade levels those concepts and attitudes that professional scientists consider basic."

DURING THIS RESEARCH phase of the program, he continued, one teacher from each grade level in each of the three schools is working — in his own class — with teaching materials specially provided for the study by Dr. Karplus' group.

These teaching materials include a series of 50-page booklets on various areas of study. They are then presented to the classes under study. For example, the first, third and fifth grades now are studying "Force — of the laws of motion."

To Karplus, "Science involves the discovery of orderly behavior in nature." And many of the more basic "orderly behaviors" can be learned by the very young, including first graders.

THE SUCCESS OF THE present program, the physicist declared, is not based on "trying to drum something into these young students."

More basically, the program can be evaluated, he said, by determining, through a series of informal question and answer periods, whether some good features of the teaching process have been employed well enough so that the students have discovered the proper train of thought.

For example, Dr. Karplus went on, if the students are asked a question and they can answer from their knowledge or by suggesting experiments, it can be assumed that their thinking is in the right direction.

RIGHT NOW, THE scientists are engaged in determining which methods are the best to employ in the teaching of science to elementary school students so these methods can be used when the production stage of the study begins.

Dr. Karplus concluded that it would be gratifying to the members of his group if the present study could stimulate other groups into similar studies and these other groups then lent a hand toward achieving the final result.

## Supervisors Stagger Term Of County Fire Directors

Commissioners of Contra Costa County Fire Districts will serve staggered appointive four-year terms starting January 1.

A new regulation was adopted by the Board of Supervisors Tuesday.

Lots were drawn to determine the terms of 70 commissioners now serving on the governing boards of 14 county fire districts.

The regulation does not apply to five county fire districts operated by elected boards, seven city departments nor to the Island County Fire District operated by the supervisors as commissioners.

Reason for the change, the county administrator's office said, is to set a specific time for each commissioner to review his own efforts and continued ability to serve.

It will also give the supervisors a regular time at which to consider replacements.

Lots were drawn to determine which commissioners will serve one, two, three and four-year terms.

After completion of the short terms, appointments will be for four years.

Districts, commissioners and terms in the central county are: Central—Jess B. Near and Wendell R. Parker, four; William Straight, three; John T. Schroeder, two, and Ralph L. Becker, one.

Eastern—Lee Higgins Jr. and Harry L. Rohrer, four; Howard Wiedemann, three; Forrest Englehardt, two, and Frank S. Arata, one.

Mt. Diablo—Joseph F. DeRosa and A. W. Martin, four; Ralph Bollman, three; Frank Rose, two, and Harold C. Wildes, one.

Orinda—E. A. Dawson and Gil-

bert Earle, four; Zachary J. Montgomery, three; Charles W. Langridge, two, and Robert W. Aitchison, one.

Lafayette's board is elected.

### Jewish Center Has Services Tonight

Rabbi David Robins will discuss "Sayings of the Fathers" at the regular Friday night services at the Contra Costa Jewish Community Center, 3800 Mount Diablo Boulevard, Lafayette, at 8:30 today.

## Lucky Commuter Gets Added \$\$ If Subscriber

An added bonus has been tacked on to The Sun's Lucky Commuter Contest.

In the past, Lucky Commuters have been presented a \$5 check and a year's subscription to The Sun, an added \$3.75 value. Now, if you are a Sun subscriber, the Lucky Commuter prize will be \$10.

If not, the prize will remain \$5.00 plus the subscription.

The game is fun and easy to play. Each week, The Sun's photographers roam through the central county taking pictures of commuters and each week a picture of a commuter is published in The Sun.

When the commuter comes into any of The Sun's business offices and identifies himself or herself, a \$10 check will be turned over if it happens to be a Sun subscriber and if not there is a \$5 check and a year's subscription to The Sun as a prize.

Who knows, the lucky commuter this week could be you.

AN ADDED BONUS has been tacked on to The Sun's Lucky Commuter Contest. If this person is a Sun subscriber she will be handed a \$10 cash prize. If not, she will be presented with a \$5 prize and a year's subscription to The Sun.

## Nielsen to Head County Board of Supervisors

Supervisor Mel F. Nielsen of Lafayette will become chairman of the Contra Costa County Board of Supervisors when the board re-organized January 5.

All four of Nielsen's colleagues said Tuesday they will vote to seat Nielsen, who is entering upon the fourth year of his first term in office.

Nielsen said he will accept the post and "be pleased to serve." He will succeed Chairman Warren G. Buchanan of Pittsburg, whose father, W. J. Buchanan, served for nearly 40 years.

Nielsen, who operates a service station and vulcanizing plant in Lafayette, was elected in 1956 to replace H. L. (Jack) Cummings of Crockett.

## Burglars Hit Four Stores

Burglars entered two stores in Danville Square over the weekend but were unsuccessful at two others.

They obtained \$50 in cash and four antique pistols worth \$175 from a men's shop owned by Thomas Clark of 710 Camino Amigo.

A gift shop operated by Lillian Perry of Diablo also was entered, but apparently nothing was taken, sheriff's deputies said.

The unsuccessful entry attempts were made on a cleaning shop and a women's apparel shop.

## Two Jailed For Danville Holdup

Two men were jailed Tuesday as suspects in the \$1100 robbery of a Danville market December 8.

An assistant manager and clerk were locked in a walk-in refrigerator by the bandits.

Sheriff's detective H. E. Hobert said Thomas Allen Hafner, 24, an unemployed truck driver of 1229 Las Juntas Street, Walnut Creek, admitted the robbery, and Fred Harry Moyer, 21, a cement finisher of Concord, confessed driving Hefner from the scene.

Hobert and Walnut Creek police Lieutenant Frank Thompson arrested the men at their homes.

Hefner told Hobert he hid in the Red and White Store in Danville Square from 8:30 p.m. until closing time at 10 p.m.

He said he took the \$1100 at the point of a sawed-off rifle and locked up Ed Finkes, 22, of Hayward, the assistant manager, and Mike Thurston, 17, of 47 Ramona Drive, Danville, the clerk.

They broke their way out of the locker a half hour later.

Windshields Hit

The windshields of three cars were shattered within 20 minutes, December 9, by pellet gun shots at the corner of Jones and Walden Roads. The drivers were all Martinez residents.

## Local Pilot Dies In Plane Crash

First Lieutenant Gary Roland Coad, 24, was killed this week when the Air Force plane he was piloting crashed near Leicester, England.

Lieutenant Coad, a former resident of Walnut Creek and a member of Trinity Lutheran Church, was the son of Mrs. Virginia Metzger, 3641 Madrone Drive, Lafayette, and the brother of George L. Coad of 3354 Springhill Road, Lafayette.

HE WAS A GRADUATE of Acalanes High School, Class of 1952, where he was an honor student and starred on the track team.

He won a scholarship to the University of California, but left during his sophomore year to enlist in the Air Force in 1954.

Two other crewmen were killed in the crash, according to the Air Force.

## Tumbling Classes Are Scheduled

Tumbling classes for all area boys grades 1 through 3 will be held at the Walnut Creek Recreation Center on Wednesday afternoons starting January 13.

Notices of tumbling lessons will be sent through the schools soon after the holidays by the Walnut Creek Recreation Department, sponsors of the tumbling. For early registration or further information call the Recreation Center office.

## On The Lighter Side

By CAROL HODGES

A Mexican Christmas Party "Posados con Pinata" . . . Mr. and Mrs. H. G. Du Bois of Walnut Creek staged this one for the William Gilman, Grover Fox's, Coleman Johnsons, Robert Youngs, Robert Simpsons, Wayne Barretts, Robert Shanks, Glen Shorts and the Dirk Posters.

The highlight of the evening—a large pinata, a ball made of paper, decorated and filled with gifts, hung from the ceiling and was raised and lowered by the host as guests blindfolded, tried breaking it with a bat. This of course was done amidst a great deal of laughter, especially when it was missed!

### Glen Short Strikes Pinata

Glen Short of Walnut Creek finally succeeded and gifts poured out all over the floor, one for each naturally. Singing around the player piano, dancing and the consumption of HOT tamale pie completed the evening's activities.

The Robert Shanks and the Glen Shorts will be doing some entertaining themselves in the near future . . . the Shanks with an egg nog open house and the Shorts, a cocktail affair on the thirty-first.

Big plans are under way for the semi-formal dance to be given by the junior units of the Mt. Diablo Therapy Center at the Diablo Valley College February 20 from 8:30 to 12:30.

The Jr. Larks (Deltae) and the Doves from Lafayette, the Parakeets from Danville, the Bobolinks and Vireos from Orinda, after putting their ideas together have come up with a "Misty" theme which they are considering. They anticipate doing weird things with dry ice and covering trees with cheese cloth with different colored soft lights shining on them. Judy Arrigo of the Jr. Larks is general chairman.

The Jr. Larks also are gathering at the home of Lynn Medford of Lafayette for a Caroling Party Dec. 21. After a caroling tour they will return to the Medfords for coffee.

### New Officers for Jr. Larks

The new officers of this unit for the coming year have been announced and congratulations go to Linda Montgomery who will be president; Linda Hayward, vice-president; Dianne Orr, treasurer.

## Women in The Sun

Friday, December 18, 1959

WEDDING BELLS will ring for Shirley Janice Elson and Robert Dale Trezise on Tuesday, December 22 at the Walnut Creek Methodist Church. Both are graduates of Pleasant Hill High School, currently attending the University of California.

### Candy Cottage On Display

The sweetest Christmas ever is in store for the lucky person who will be awarded the Candy Cottage Saturday, December 19, at 5 p.m. at the Broadway Lucky's store by members of the Diablo Pageant of Arts Society and its Alliance.

The Candy Cottage has been on display at Lucky's since December 12, and is the sugary-plum creation of Evadne Menker, executive director of the Diablo Pageant of Arts Society.

The delectable dwelling is completely fashioned of various kinds of candy, and the interior is lighted to show off the candy furniture, fireplace, and Christmas tree.

Enticements on the exterior include a gumdrop mailbox, candystick bridge and crystal sugar stream, sucker trees and mintleaf shrubs, a gumdrop bird bath and red hot hearts in gumdrop pots. Winter-time landscaping, with frosting snow and icicles complete the picture.

Information concerning the Candy Cottage is available from hostesses at Lucky's or from the Pageant gallery and headquarters at 1533 North Main, Walnut Creek.

Phyllis Underhill, recording secretary; Judy Arrigo, ways and means chairman, and Beverly Fagundes, chaplain.

A short business meeting was held followed by a luncheon given at the Lafayette home of Mrs. Edward S. Ageno (Marge) recently, in honor of the outgoing board of the Lafayette Larks and to welcome the incoming one.

Marge has accepted the presidency for the second term, Elsie Falconer was elected vice president; Helen Helm, recording secretary; Ann Kritscher, corresponding secretary and Lib Tessler, treasurer.

Lou Oulton, Betty Anderson and Marge Harris are the delegates to the Unit Coordinating Council; Mary Welch will be the new membership chairman; Mary Sibley, telephone; Ginny Simpson, ways and means; Billie Campbell, volunteer services and Maxine Bartok, transportation and aids. Ann Hearn will be publicity chairman for the second year.

The Junior Larks will be under the supervision of Marge Ageno and Pat Capci. The "News Letter" which is such an excellent idea, will be headed by Jan Gritzer.

### News Letter Published

The letter is published and is sent to the associate members of the unit which at this time numbers approximately 100, telling of the various activities throughout the year and stimulates interest in this class of membership giving them also a feeling of "belonging."

The Flamingo Unit of the MDTC held their annual Associate Tea at the home of the outgoing president, Mrs. W. Norman Gibson of Foothill Park Circle, Lafayette at which time their new officers were installed.

Taking office were Mesdames Donald Johnson, president; Robert Kuhn, vice president; Mike McDonald, treasurer; Eugene Ingalls, recording secretary and Charles Sedam, corresponding secretary. Mrs. Robert Bolin, Jr., is the council representative and Mrs. William Ebke, board representative.

Associate members present included Mesdames Lloyd Anderson, William Morrissey and John Buffington, all of Walnut Creek. . . . A busy group this, for on the eighth, Helen Gibson gave a luncheon honoring the past board members and project chairman, and on the tenth a Christmas Party for active members with husbands attending at the Robert Anderson home on Silver Springs Road in Lafayette.

### Pattern Contest Slated

The Jr. Women's Clubs are beginning to look over patterns again for the annual Vogue Pattern Contest which will start in January and in mid January the completed garments will be judged. The winner will then enter the district competition.

Mrs. Glen Short is chairman for the Walnut Creek Club. Starting January 30, the Walnut Creek and Pleasant Hill Jr. Women's Clubs will co-host the Mt. Diablo District Conference when 13 clubs as far away as Tracy and Stockton will gather.

A tidbit or two . . . Juanita Benoy the Center's Administrator returned December 10 from New York where she attended a conference of Rehabilitation Centers taking an extra day or two for shopping and to see some of the fabulous Broadway shows . . . And Nada Miller, the speech therapist at the Center, returned from a week's vacation at Mt. Hood, skiing.

### Quail Unit Installs Officers

The Quail Unit of the Mt. Diablo Therapy Center met recently at the Carroll Restaurant in Moraga for luncheon and installation of officers.

Members of the Unit presented an inscribed sterling silver dish to the outgoing president, Mrs. Howard Preece of Moraga.

The new officers and chairmen of the Quail Unit are the Mesdames Gerald Clark, president; Donald Thatcher, vice president; J. J. Fuerst, treasurer; John Voegly, recording secretary; D. F. Swanson, corresponding secretary; Earl Simpkin, representative to the board; Ken McCampbell, chairman of council; Bruce Rosenblatt, chairman of hospitality and program; George Bradley, ways and means; Edward Turk, chairman of thrift shop; Ralph Graham, publicity; Edward Wilson, Christmas fair; and Frederic Sawyer, transportation and aid.

A full calendar of activities for 1960 was planned including the following fund raising events: a dinner at the Oakland Officers Club followed by a film of an African safari; a fashion show and luncheon; a children's live theater; a children's carnival and, in May, a dessert bridge.

The unit will also have the annual dinner dance in the autumn.

Alpha Chi Omega Plans Benefit

The Mt. Diablo Alumnae Club of Alpha Chi Omega met Thursday evening at the home of Mrs. Frederic Sawyer, 115 Draeger Dr., Moraga.

Mrs. Adrienne Gensoul, president, and Mrs. Theodore Worthington, ways and means chairman, announced committees for the coming February benefit.

Last month the group was addressed by Bob Holcomb, Walnut Creek juvenile officer, on "Juvenile Delinquency and Why."

All Alpha Chis in the area are cordially invited to join the group and may contact Mrs. Gensoul at 2426 Casa Way, Walnut Creek.

### Beta Nu Honors Five Retired

Christmas trees and holly decorated the tables at the dinner meeting of Beta Nu chapter of Delta Kappa Gamma, Women's educational honor society, held recently at the Gold Nugget.

Five retired members of Beta Nu were introduced by Vivian Johnson. Mrs. Johnson, assisted by Alice Putnam presented each of the five with a corsage and photographed them seated within a specially designed frame. The pictures were taken for Beta Nu scrapbook.

The retired members honored were Margaret Harper, Irene Jacobs, Edna Keyes, Mary Mendenhall and Irene Spencer.

Decorations for the occasion were by Helen Mattson, Mabel Bowen, and Marie Wiechman. Forty-two members of Beta Nu attended the meeting.

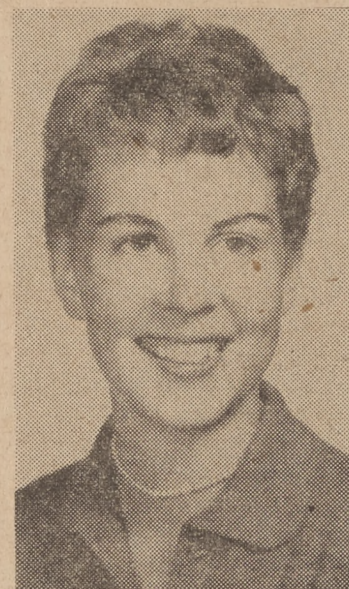

### Medical Society Dinner Dance

Contra Costa doctors and their wives from all parts of the county will gather December 19 at the Concord Inn for the annual Christmas dinner dance given by the Medical Society Auxiliary.

Chairman of the affair is Mrs. Alan Ory, Crest Estates Drive, Walnut Creek, who will be assisted by Mrs. Lyle Powell who is handling reservations.

A JULY WEDDING is planned for Jane Seulberger and John Reynolds Shipperd who announced their engagement in the fall. Jane is the daughter of Mr. and Mrs. Fred Seulberger, 3808 Happy Valley Road, Lafayette.

### Vivian Googins Engaged to Thomas Blossom

Plans for a summer wedding are being made by Miss Vivian Lee Googins and Thomas Peter Blossom whose engagement was announced by the bride-elect's parents at a family dinner party given at their home, 41 Robert Road, Orinda.

Miss Googins is the daughter of Mr. and Mrs. John S. Googins and a graduate of Acalanes High School where she was secretary of Fantasia Branch of the Children's Home Society. She attended the University of California where she was affiliated with Sigma Kappa.

Her fiancé is the son of the Reverend Mr. Chauncey E. Blossom and Mrs. Blossom of 86 Estates Drive, Orinda. He attended high school in Massachusetts, Diablo Valley College and College of the Pacific.

ENGAGEMENT ANNOUNCED at cocktail party. Sharon Ann Stacy is betrothed to Edwin Lewis Stone. The couple plans a summer wedding.

### Joyce Anne Gill Will Wed Phil Mathews In January

Joyce Anne Gill will become the bride of Phillip Travis Mathews on Saturday, January 16, in a ceremony performed before a flower banked fireplace in the cathedral living room of the family home at 170 Norlyn Drive, Walnut Creek.

The Reverend Mr. Richard Chioles of the Walnut Creek Presbyterian Church will perform the marriage. The bride-elect will be given in marriage by her father, John S. Gill.

For her wedding, Miss Gill has chosen a short lace bridal gown and shoulder veil. Valerie Gill will be her sister's maid-of-honor. The groom's best man will be Wayne Shaw.

The January bride is the daughter of Mr. and Mrs. John S. Gill and attended Las Lomas High School and Diablo Valley College. Her fiancé attended high school in Lufton, Texas. He is the son of Mr. and Mrs. Marvin Mathews of that city, currently serving with the United States Navy and stationed at Port Chicago.

The couple plan a wedding trip to Lufton, Texas, after which they will be at home in Concord until the groom completes his service assignment and returns to Lufton to attend college.

Among the relatives attending the wedding will be the bride's maternal grandfather, K. L. Hamman of Oakland, and paternal grandfather, Dr. Gerald Gill of San Francisco. The bride's cousin, Bruce Hamman, will provide the wedding music.

# 'Dabbling' Leads to Avocation

By JEAN JERNIGAN

A little girl who loved to dabble in writing or drawing often heard the words, "Is that all you have to do young lady?" from a father who took a dim view of such "frivolous" pastimes.

That little girl grew up to be one of the most beloved persons in this area, beloved by all those who like to dabble in the arts, for she is the inspiration, motivating force and unifying influence of the Diablo Pageant of Arts Society.

Once described as a "tiny giant" of a woman, this diminutive powerhouse is Mrs. Evadne Wenker, executive director of the Diablo Pageant of Arts Alliance.

Mrs. Wenker, who has lived in Alamo since 1932, was educated in San Francisco, but graduated from Fresno State. Her family spent some years in the San Joaquin Valley and it was there that she was married.

A Social Studies major at Fresno, Mrs. Wenker did social work in the valley, and at one time served with her husband as a cottage parent at Whittier where she had the opportunity to put to practice the theory of art and craft in helping delinquents.

Her full and stimulating life before coming to this area also included taking an active part in politics, operating an art shop in Merced, a dance studio in Cochrane, teaching and in addition, successfully raising four children.

The youngest of the four, Gerry, is an artist and married to art student Don Yuen.

Representative art is Mrs. Wenker's personal choice for her painting. She has studied art with Jade Fon and Thomas Leighton, but is so dedicated to furthering the work of the Diablo Pageant of Arts that her "palette is dried up and brushes stiff."

A lady who says, "Culture in family and community life is one of the widest paths to peace." Evadne Wenker has made giant steps towards making a cultural center of the area.

She became increasingly aware of the need for a central, promotional agency to unify the goals of those interested in the arts and to bring the arts to the community, both individually and familywise.

The first two years the Pageant of Arts was sponsored by the Diablo Art Association. Gradually as the need for such activity became increasingly apparent, other agencies joined

in cooperating to make the Pageant of Arts a success.

The 1960 Pageant of Arts to be held the last week of May will have the wholehearted cooperation of City officials, the City of Walnut Creek Recreation Department, The Walnut Creek Area Chamber of Commerce and the many and varied cultural organizations in the area.

This year's Pageant of Arts will include performances at the Recreation Center Building, garden exhibits, outdoor art, popular art, fine arts, a craft show, a junior gallery, an outdoor restaurant and a tiny lot where little ones may be cared for while their parents browse.

Mrs. Wenker said, "The primary aim of the Pageant of Arts Society, parent organization of other art groups, is to bring culture to the area. The long range plans include the construction of a cultural center, and it is hoped that the new full grown Pageant of Arts held in May will help finance such a building."

With all her time and energy being funneled to the success of the Pageant of Arts Society, it didn't seem possible that this vivacious lady indulged in many personal activities or had time to putter about the house, but we asked the question anyway. Her eyes sparkled, a pixie smile flashed and she said, "Man designed houses to incarcerate woman!"

Her quick wit however, belies her generous, loving heart. Her home is a happy one and her neighbors become eulogistic when speaking about the many acts of thoughtful kindness that predominate her daily life.

A fact gleaned from someone close to Mrs. Wenker revealed that her dream of becoming a commercial artist after her family responsibilities lessened with the marriage of her children, has been indefinitely postponed because she is devoting her time to the Pageant of Arts to make the arts available to all the people in the community.

Mrs. Ruth Wallis, director of Recreation City of Walnut Creek and a member of the Board of Directors of the Diablo Pageant of Arts Society expresses the thoughts of the community regarding Mrs. Wenker in the following quotation. Mrs. Wallis said, "Evadne Wenker has given untiringly of her time and efforts to stimulate all of the arts in the area. Her enthusiasm and capacity for organizing groups is outstanding. We are fortunate to have this leadership in the field of culture."

## Beautiful Diablo Valley Attracts Many Artists

The beauty of Mt. Diablo, whether snow capped in winter or hued in summer with the serenity of the rolling hills in the Diablo Valley area have attracted many professionals and amateurs interested in the arts.

Today there are more than 50 published authors living in the area, and many more practicing artists, art teachers and musicians.

Among those who have chosen to live in the art climate of this area are Mr. and Mrs. Harry Ford of Walnut Creek. The Fords moved to Walnut Creek after a six year stint in Germany where he painted, taught, and in his free time made a study of the post-Nazi advance in art.

The artist says, "Our years in Germany with travels to other parts of Europe were wonderful and educational for all of us. But this country is our home and California offers us both opportunity and challenge."

Ford, now preparing for a one man show, is acting president of the California College of Arts and Crafts of Oakland. He was an art teacher with the Armed Forces Dependents School in Stuttgart, Germany and also worked with the State Department in arranging art shows.

Mrs. Ford, an artist too, specializes in designing, concentrating one convertible en-

sembles. A favorite example is one dress with three sets of sleeves for a variety of occasions.

Busy adjusting to life in California after such a long time out of the country, the design equipment, oils, water colors and mosaics are in the Ford's garage - converted - to-studio. However, one of their great projects is "promoting more interest in art in the East Bay and we are working with other artists to open a permanent gallery in Walnut Creek."

The Fords have two sons, John, 13, an eighth grader at the Oak Grove Intermediate School, and Tony, 2½, whom the Fords adopted in Germany.

## Lady Golfers Honor Captains

One hundred members of the Diablo Women's 18 Hole Golf Group and Holyminers (9 hole clubhouse) for their annual Christmas party.

Competition and golf scores were temporarily forgotten as the ladies met for a festive luncheon and recognition of retiring officers and those newly elected.

The new officers who were awarded corsages are Mrs. D. R. Wolf of Lafayette, captain of the 18 hole group and Mrs. William Winslow, captain of the Holyminers.

The retiring officers who were awarded orchid corsages are Mrs. R. L. Ward and Mrs. F. O. Ivaldi.

The lobby and dining room of the clubhouse were decorated with yule motifs by the Mesdames D. E. Rice, Danville; Louis Arnaud, Walnut Creek and William Gubbins, Danville.

## Youth Aliyah Discussion

The Youth Aliyah phase of Hadassah work highlighted the December meeting of the Diablo Valley Chapter.

Mrs. Stuart Bloom said Hadassah has helped resettle and rehabilitate in Israel more than 90,000 Jewish youth from 72 lands.

There are 248 Youth Aliyah villages, agricultural settlements and special schools and centers in Israel where they are taught academic and vocational subjects plus recreational and cultural activities.

The Chanukah story was told by Mrs. Erv Schwarcz and songs were led by Mrs. Dan Greenberg.

The program was concluded by a book review given by Mrs. Alex Babin of the best selling novel "Exodus" by the author Leon Uris.

The meeting was held Thursday evening at the Lafayette home of Mrs. Murray Mattal. Assistant hostess was Mrs. Irving Bloom.

# Homework, Exams Fall Victim to Yule Spirit

By JULE NOLLER

A flow of the traditional Christmas spirit made its way through Miramonte this week, even piercing the dense atmosphere created by the usual homework and examinations.

Girl's League added to the effect by hanging Christmas decorations, which were made at their annual Hen Party on December 4.

Albert Nelson, a maintenance worker at Miramonte, performed his annual Christmas deed of placing his homemade reindeer and Santa Claus on the roof of the Administration Building.

When asked why he did this every year, Nelson replied, "No one ever thought of doing this when I was in high school, and I thought it would make the students happy around Christmas."

Donating a Santa Claus and reindeer to Miramonte, is only a small part of Nelson's thoughtfulness for other people. He has put 12 foster children, plus three of his own children, through school. Three of his daughters are now attending high school in Pleasant Hill.

A beautifully decorated Christmas tree now stands in front of the Dean's Office at Miramonte. This tree was donated by Mr. and Mrs. Trimball, whose daughter, Susan, attends Miramonte.

Also carrying out the spirit of Christmas were the "Six Jolly Coachmen," a carpool of girls driven by Sandra Thurston. This morning, they arrived at school with their Chevrolet covered with streamers of ribbons and bells. Suzie Lahti, Glenna Clark and Kathie Calhoun are three of the "Coachmen" who were serenading the school with Christmas Carols as they drove in the parking lot.

The Annual Christmas Program, which was presented by the Music Department and Drama Club today, set the students off on their vacation with the true spirit of Christmas.

The program, in which the Band, Chorus and Girl's Ensemble participated, ended with the entire student body joining to sing "O Holy Night."

The Scandinavian Christmas Songs, which were sung in the program by the Girl's Ensemble, were also done by the girls for the Lion's Club on Wednesday at Mike Lynn's Restaurant.

After Christmas vacation, the Senior Class, under its president, Milt Howe, will take off on a one-day ski trip to Edelweiss on January 30. Some of the Seniors planning to go on the trip are Jim Boyd, Vice President of the class, Kathie Shurtliff, Judy Hopkins and Butch Guarnieri.

The newest item added to the Senior's "up and coming" events is the Senior Bermuda Day and Picnic. This will take place in June and will be centered around the newly finished (we hope by then) swimming pool. Bermudas will be worn to school that day by the Seniors, who will be able to "cut" their afternoon classes for the picnic.

Suzie Lahti, editor of the yearbook and former student body social secretary, has been selected from Miramonte to be on McCall's Teen-Age Fashion Board. This board is composed of senior girls from all over the nation who will work with McCall's to plan teenage fashions.

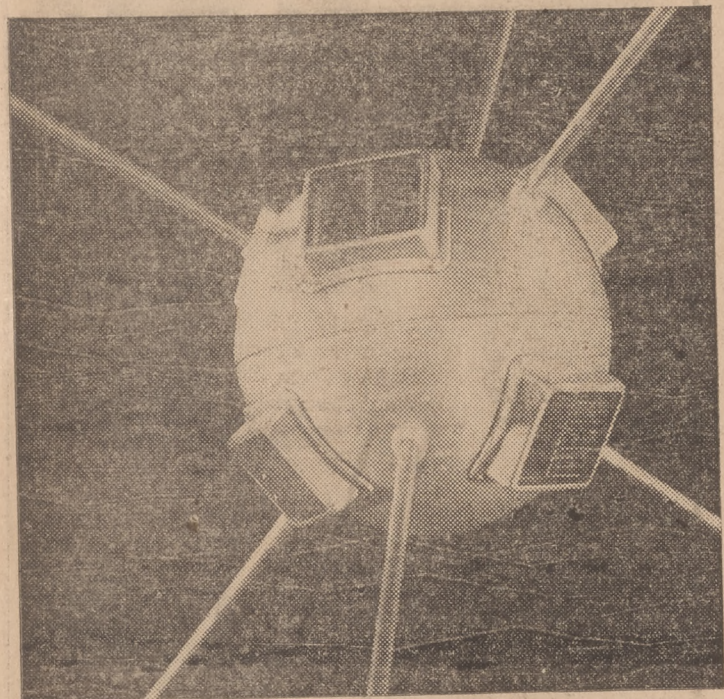

Another carpool with a nickname is the "Brookbank Special," which is named for the road that its two owners, Sally Spott and Carol McChesney live on. This "special" is a '40 Chevy Coach, which was bought from a fellow classmate, Skip Nelson.

A unique contrast of new and old was noticed in Miramonte's parking lot one day. Parked next to Betty Dutra's white '59 Buick Convertible was Rick Layne's Model A.

Two of Miramonte's sport car drivers are Student Body President, Mario Guarnieri in his T.R.3 and Marty De Maeyer and her "baby" blue Sprite.

## WHAT'S DOING

Howard Greenhalgh, your Telephone Manager in Orinda

Imagine circling the earth for 2000 years! I see where scientists say Vanguard I may last that long. But did you know two things circling with the satellite came from scientific research for your phone? They're transistors and solar batteries, both invented at Bell Telephone Laboratories, our research center. They team up to help Vanguard's radio send messages back to earth. The transistors act as amplifiers, and solar battery cells supply power from sunlight. Here on earth, solar batteries are still experimental as far as telephones go. But transistors help speed your out-of-town calls by automatically helping to pick the right voice path. So you see, the same telephone progress that helps us improve your service is also helping science explore outer space.

Here's an idea for a practical Christmas present that will really please someone in your family: an extension telephone. You can get a desk set like this one or a wall phone in many attractive colors. Could be just the thing for Mom's kitchen, or Dad's workshop. You can find out all about extension phones at our business office.

## Dawson Leonard Finishes Course

Army Second Lieutenant Dawson B. Leonard, son of Mr. and Mrs. Edmund D. Leonard, 5 Stanton Court, completed the officer basic course recently at the Adjutant General's School, Fort Benjamin Harrison, Indiana.

The course is designed to familiarize newly-commissioned officers with general administration procedures and the technical and tactical responsibilities of an adjutant.

The 21-year-old lieutenant is a 1955 graduate of El Cerrito High School and a 1959 graduate of the University of California at Berkeley. He is a member of Chi Psi fraternity.

## Cub Scouts Give To Juvenile Hall

Cub Scouts in Orinda's Pack 32 will experience the fun of giving when they participate in a special Christmas theme pack meeting at 7:30 p.m. today at Orinda School auditorium.

The meeting will include decorating a Christmas tree with Cub-made ornaments and tabulating sales of Christmas candles. The candles, made of high-quality beeswax by the Cubs in their den meetings, were sold throughout the community during recent weeks.

THE DECORATED tree and the proceeds from the candle sale will represent a combined Christmas gift from Pack 32 to children at Contra Costa County Juvenile Hall in Martinez.

The candle-making project was directed by Mrs. Joy Thomas, den advisor; Submaster is Quentin Thompson.

New Bobcat Dick Dildine will be accepted into the pack in ceremonies during the meeting.

## Cub Pack 57 Repairs Toys

Each member of Cub Pack 57 observed the theme of "Do Your Best" by repairing a broken toy to be given to a needy child for Christmas. The toys were displayed at the December pack meeting Tuesday evening at Miramonte High School.

Cubmaster Richard Bartle welcomed the following new boys into Pack 57: Paul Stanley, Harrison Stockton, Rex Mohrmann, Kirk Preiss, Jimmy Rogers, Tony Leal, Jim McCurdy, Johnny Walker, Wayne Killian, Thad Clark, Timothy Clarke.

Lion awards were presented to Bob Reichmann, Mike Davis, and Charley Tarpley and these boys were welcomed into the Webelos Den by T. B. Thomas. Bear Awards were earned by Tom Lasater, Eric Eschen, Tom Burr, and Barry Shain.

Gold or silver arrows were awarded to Tom Lasater, Bob Truax, Steven Fuller, Stephen Davenport, Mike Davis, Eric Eschen, Joe Lynch, Tim McDonald, Tom Burr, and Stephen Lund.

## Orinda Youth in Honor Battalion

Army PFC Richard D. Nutt, son of Mrs. Billie Stubblefield, 10 Pico Court, is a member of the 8th Infantry Division's 12th Engineer Battalion which received a rating of excellent during recent annual training tests in Germany.

The battalion was tested on its ability to lay out a minefield, play the role of an infantry unit in an assault exercise, and construct a floating bridge to enable a company of tanks to complete a river crossing problem. Nutt, a demolition specialist in the battalion's Company B in Dextheim, entered the Army last January, received basic training at Fort Ord and arrived overseas last July.

The 18-year-old soldier attended Miramonte High School.

## Orinda Miss on Cal Rally Group

Miss Joey Tuttle, a sophomore at the University of California at Berkeley, has been selected as a member of Women's Rally Committee, University of California spirit and service organization.

Women's Rally Committee promotes Cal spirit by selling pom-poms and rooster caps to Cal fans, organizing card stunts for the University of California football rooting section and ushering at football and basketball games.

Membership in this group is by invitation on the basis of attendance and interest during the try-out period and scholarship. Each year 40 sophomores are selected by the upper division members, nine juniors and four seniors.

A graduate of Acalanes High School, Miss Tuttle is affiliated with the Kappa Alpha Theta sorority and is majoring in humanities. She is the daughter of Mr. and Mrs. Norman K. Tuttle, 35 Honeyhill Road.

## Peake Receives Kaiser Promotion

A. L. Peake Jr., 15 El Pulgar, has been named district sales manager of the Kaiser Steel Corporation's central district, according to C. L. Emerson, vice president in charge of sales.

Peake succeeds C. F. Cooper, who recently was appointed assistant general sales manager, in the district post. The district, with headquarters in Oakland, serves Kaiser Steel customers in Northern California, Nevada and Utah.

The Orindian joined the Kaiser Steel sales department in 1948, and was assistant manager of rolled steel products from 1952 to 1954. He was assistant southern district sales manager, Los Angeles, from 1954 to 1956, and served as assistant central district sales manager from 1956 until his new appointment.

A native of San Francisco, Peake is a graduate of Stanford University. He and his wife, Susan, have four children.

## In the Classroom...

### Pine Grove Challenge

"The Battle of the Giants" was fought at noon Wednesday at Pine Grove School when students of the seventh and eighth grades challenged their respective faculty members to a pre-Christmas volleyball game.

Christmas actually was celebrated at the school yesterday with the student body holiday assembly.

### Del Rey Loves Giving

Del Rey students in grades three through six have taken on the true Christmas spirit — the love of giving rather than receiving.

All of the classes in the three grade levels recently agreed to forego the exchanging of gifts at Christmas time in favor of collecting gifts from each of the students for delivery to children at the Contra Costa County Hospital, Martinez.

THERE ARE 266 Del Rey students involved in the gift-giving and 45 children at the county hospital, meaning that the ill youngsters will have a much merrier Christmas, thanks to Del Rey.

The kindergartens at Del Rey had Christmas parties all this week, and parents were invited to hear their children sing carols. Del Rey's entire student body will take part in the singing of carols in the school yard this morning, weather permitting. The outdoor caroling is necessitated by the fact that Del Rey has no auditorium.

The school's Parents Club provided each classroom with a Christmas tree, and all trees were decorated with student-made ornaments.

### Hilltop Gardeners

The Hilltop Garden Club of Orinda held its annual Christmas cocktail party recently at the home of Dr. and Mrs. Sam Smith, 1029 Sunnybrook Drive, Lafayette.

The house was beautifully decorated by a committee headed by Mrs. Lloyd Heathorn.

Dancing was enjoyed by the guests during the evening.

## Christmas Party Tonight for Cubs

The annual Cub Scout Christmas party for Pack 211 of Orinda will be held tonight at the Sleepy Hollow School.

During the last month the Cub Scouts have made many items which they have sold. The money will be presented to the American Indian Inter-Tribal Friendship House in Oakland for the Indian children's Christmas. This is a yearly project for Pack 211.

PACK 211 is a very active pack. Last Saturday they were host to St. Mary's basketball stars Bill Leedom and Barry Hayward who conducted a basketball clinic for the Cub Scouts.

This event and all athletic affairs are under the direction of Genaro Felice.

Awards and arrow points for October and November will go to the following Cub Scouts:

BOBCAT PINS: Steve Dupois, Peter Gregg, Dave Laughlin, Year Pins: Buddy Grah, Doug Renwick, Peter Gregg, Steve Dupois, Peter Beardsley, Don Fastaband, Wolf Badges: Doug Taylor, Jack Miller, Robin Curtis, Steve Barker, Dave Dupois, Bill Irwin, Peter Schnugg, Richard Wolf, Jack Miller.

The Sunday school, which begins at 9:30 a.m., will be shown a motion picture, "The Candle-maker," a Christmas film produced by the United Lutheran Church.

**CHRISTMAS EVE** there will be two candlelight services, at 8 and 11 p.m. The Junior Choir will sing at the 8 p.m. service and the Senior Choir will sing at the 11 p.m. service.

J. Arthur Johnson will sing, "O Holy Night."

On Christmas Day, at 10 a.m. there will be a service of Holy Communion with Pastor Hidy's meditation on the subject, "God's Greatest Gift."

Sunday morning at 11 a.m. Shepherd of the Valley Lutheran Church will receive new members. A reception of fellowship will follow the 11 a.m. worship service.

## Suburban

This Sunday morning at the regular 11 o'clock worship service of the Suburban Bible Church the Reverend Gray Lambert will speak on the subject "Prepare Ye the Way of the Lord," the second in a series of special Christmas messages.

His sermon will be taken from the gospel accounts surrounding the coming of Christ.

At 10 a.m. graded Bible classes for all ages are held in the church's present place of meeting, the Veterans Building, 1250 Locust Street, Walnut Creek. Nursery facilities are available at both services.

This Sunday evening at 5:30 the Suburban Bible Church will hold its annual Christmas Concert. Featured soloist will be David Flagg of Orinda.

Flagg is well known in the Bay Area for his musical ability, having been featured soloist in special musical programs sponsored by the University of California, the Unruh Philharmonic Chorus, the Berkeley Woman's Club and several other outstanding choral groups.

**SOME OFF THE** selections which he will sing will include: The Little Road to Bethlehem, Po' Little Jesus, The Holy Boy and Cantique Noel.

Also during the evening there will be a special hymn sing of Christmas music followed by light refreshments.

The public is invited to this concert which will be held in the Veterans Building, 1250 Locust Street, Walnut Creek. Nursery facilities will be provided and those desiring further information may call the church at YE 5-7287.

Other activities of the Suburban Bible Church during the coming week include: A Ladies' Bible Class which meets Tuesday mornings at 9:30 and a mixed Bible Class which meets on Thursday evening at 7:30.

## Christian Science

"If the Universe, Including Man, Evolved by Atomic Force?" will be the subject of the Lesson-Sermon at Christian Science services Sunday.

The Christian Science Churches in this area are located at 22 Orinda Highway, Orinda; 1347 Locust Street, Walnut Creek, and in Concord at the corner of Grand and Park Streets.

**CHRISTIAN SCIENCE** Society of Pleasant Hill holds its services at the Pleasant Hill Grange, 600 Gregory Lane, Pleasant Hill.

Matthew's account of Christ Jesus' stilling of the tempest (8:23-26) will be included in the Scriptural readings.

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read the following (134:26): "Jesus said: 'I knew that Thou hearest me always,' and he raised Lazarus from the dead, still the tempest, healed the sick, walked on the water. There is divine authority for believing in the superiority of spiritual power over material resistance."

The Golden Text is from Isaiah (45:5, 12): "I am the Lord, and there is none else, there is no God beside me: . . . I have made the earth, and created man upon it: I, even my hands, have stretched out the heavens, and all their host have I commanded."

**SUNDAY SCHOOL** begins at 9:45 a.m. with classes for all ages and a special Christmas program is planned for the children.

6:45 p.m. is Baptist Youth Fellowship time, with the evening service beginning at 7:30. The Sunday School will present a special enactment of the Christmas season during the time regularly scheduled for the evangelistic period.

Monday evening at 7:30 there will be a Christmas party for teenagers at 15 Woodland Road, for reservations call Clifford 4-2194.

**PRAYER MEETING** and Bible study will be held at 15 Woodland Road as well on Wednesday evening at 7:30 after which there will be a time of Christmas caroling.

Saturday morning the men of the church will meet at the church property to continue construction of the new edifice at 9.

## Covenant

Sunday school at the Lafayette Covenant Church, 925 Moraga Road, begins at 9:45 a.m. An invitation is extended to all to attend and study God's Word.

This coming Sunday from 9:45 a.m. to 10:05 a.m. Pastor Mays would like to meet in the study candidates for baptism and those interested in baptism.

**AT THE 11 A.M.** worship service Pastor William C. Mays will bring the morning message.

There will be no young people's service in the evening, but at 7 p.m. the annual Sunday school program will be presented. The children will be telling the Christmas story in recitations and song.

The senior high young people are planning to go caroling on Tuesday and afterwards to the Hartman home for fun, fellowship and eats.

**THERE WILL** be no confirmation class on December 27.

The C.W.A. is planning a progressive dinner to be held on December 31. Members of the C.W.A. are inviting their husbands and friends of the church to attend this event. Those who are planning to attend should contact Flora Redmond, YE 4-5345, about food to be brought.

# Steelworkers' Christmas Party Set; Donations Asked

Contra Costa Labor's Christmas Party for Steelworkers' kids is slated for Wednesday evening at 8 p.m. in Steelworkers Hall at Seventh and Cumberland in Pittsburg.

The Contra Costa Central Labor Council is holding an adjourned meeting there to signalize the event.

Public participation is invited to give the children of distressed families a good Christmas.

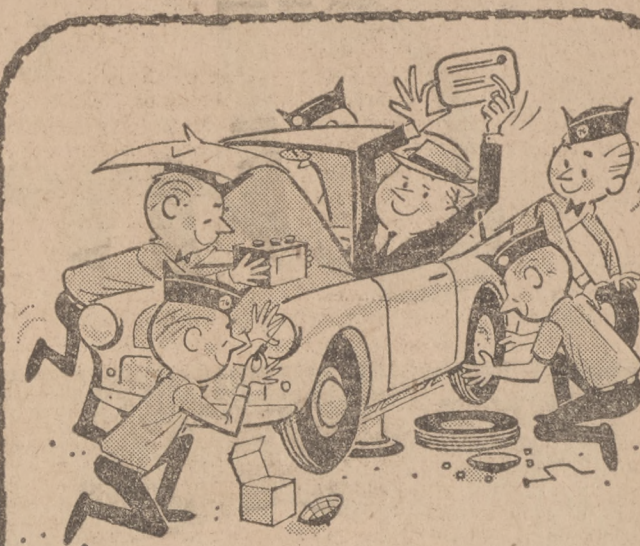

Needed are money, food, clothing and toys, which may be left at the office of the nearest labor union or pick-up may be arranged for by telephoning to HEMPstead 2-7396, Pittsburg, the number of Steelworkers Local 1440.

It was reported at the Tuesday night meeting of the Contra Costa Labor Council that \$1153.50

had been collected for the party in addition to hundreds of toys and gifts of food.

M. F. Cardwell, council member representing International

Typographical Union Local No. 597, stated donations of money, toys and/or food stuffs will be greatly appreciated by the Contra Costa Labor movement and the children of steelworkers.

Says contented car-owner Cal Carter, "Why pay cash? Use this card! It's much smarter. I just put on the cuff. Union gas, oil and stuff. It's the greatest thing since the self-starter."

Cal's correct. What a card! It's the modern way to buy The Finest gasolines, tires, batteries, and accessories for your car. Just ask your Minute Man for a Union Oil Credit Card application.

**WIN \$25.00!** Send us a limerick about your favorite Union Oil product or service. If it's a winner, we'll pay you \$25 on publication. Write: Union 76 Limericks, Box 7600, Los Angeles 54.

## A Nice New Year's Gift ...

Certainly the residents of Orinda, Moraga, Lafayette and Walnut Creek owe their thanks to the Contra Costa County School District Organization Committee.

Although this committee's work may not have created widespread interest yet, it certainly will within a few months, because the result of the study recently compiled will affect every resident in the area.

And the work of this committee is not going unnoticed by the Mt. Diablo Unified School District, either.

The committee is studying the possibility of unifying part or all of the Acalanes High School District.

**THERE ARE MANY** reasons why unification should take place, and the one definite agreement among members of the committee is that the present high school district and elementary school districts will not remain as they now are.

Certainly the Mt. Diablo Unified School District can serve as an example for the rest of us too, because it has, over the past few years, operated very economically and provided services to a tremendous area and a fantastic number of students.

A series of complex reports covering everything from salary schedules to articulation (the smooth flow of a pupil up the educational ladder) were presented to the augmented committee last week, and it is a credit to the work of the members who compiled the reports that they are as accurate and informative as they are.

**ONE INDICATION** of the size of the task that confronts these people, also, is the fact that they will spend the time between now and January 20 evaluating the reports preparatory to making an actual recommendation.

At present the committee is considering several alternatives, among these

are:

Formation of one large district comprising all of the present Acalanes High School District.

Formation of three separate districts, one each in Walnut Creek, Lafayette and Orinda.

Formation of only two unified districts, with the boundary line to be drawn this side of Lafayette.

There are also other alternatives and various ramifications of those already mentioned.

**WE WOULD LIKE** to make this suggestion to the committee, and also to those of you who are interested in our schools.

The final determination should be made on the basis of what is best for the children who will be attending school in the newly formed district.

The present reports seem to indicate that financially, there will be very little difference in the type of unification undertaken. Therefore, it would seem obvious that the determination should reflect for the good of the children.

Of course it is also likely that we, as taxpayers (schools take the biggest hunk out of our tax dollars) will benefit also.

**HERE AGAIN** is where we can benefit from the experience of Mt. Diablo Unified School District which long ago paved the way, and which has demonstrated just how effective unification can be.

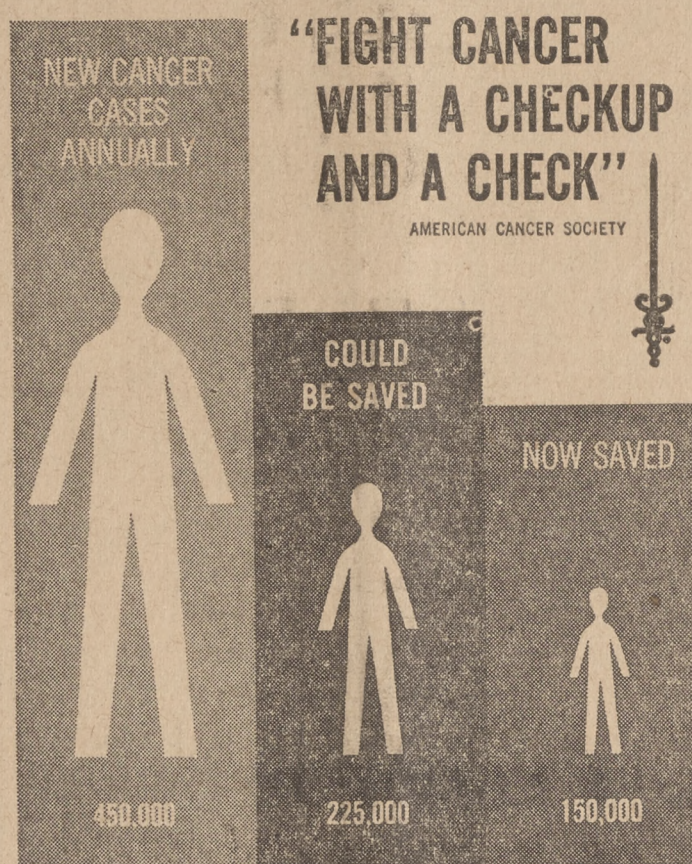

If you want to know the answers, they will be forthcoming January 20 at Acalanes High School at 8 p.m.

And it looks as if the school unification committee might just present us all with one of the nicest new-year's presents we could ask—a better plan of education for our children and a possible eventual tax savings at the same time.

Who could ask for more?

### We Like It Here...

### A Week Before Christmas & All Through the Town!

By MARIE MONAHAN

BROADWAY Center's Santa holding court—the kiddies climbing up on his red-flannel knees, some feeling his full white beard in wonderment, "Is it real?"

One tot walking away whispering to his Mama—"That's the one, the REAL one! You know, we saw him in Miracle on 34th Street."

**JOY TO THE WORLD.** The chaotic & keyed-up feeling of the shopping crowds. (You miss all the fun if you shop too early!) The Weary Ones who are clerking just for the holidays & aren't used to it but still manage to smile & suggest when there's a killing bluster on the back of their heel!

"That's what makes Christmas so special," said one Lollipop Leaguer. "You have to wait Sooo Long for it & when it's here, you want it to stay awhile!"

**IT CAME UPON A Midnight** Clear, Suburbia swathed in moonlight, the days shimmering & shivering in sunshine. It's June in Jan., May in Dec., & everything's coming up Sunshine & Santa Claus. The sudden Saturday shower catching the scantily-clad by surprise. A pair of white tennis shorts sprinting into a store for shelter.

A Mink-minded Matron (you can tell!) ordering a Pig's Head at the market—the better to spray gold, My Dear, for a piece de resistance party centerpiece. (Don't forget the gold apple in his mouth!) Another Femme telling how she gilds her duck-hunting husband, No, NOT her HUSBAND, but his mallard decoys which she then floats in a pine-draped tub. No, she doesn't, the decoys do! Mit pearl necklaces & mistletoe crowns yet!

AH, The Season to be Merry, the Wossal, Colossal! The invitations turn into a deluge for Open Houses given by people you hardly see the rest of the year. Everybody's Decked their Halls & want THEM to be seen!

AULD LANG SYNE Time... The screech of the wheels of the mail & delivery trucks... Pkgs. from faraway friends & family... The children playing a daily Guessing Game, rattling, poking, peeking & prodding—"Guess what I got YOU, Mom—& Just tell me WHERE it is, Mom!"

The Season's Greetings from across the miles... The sad disappointment if a note isn't enclosed, the added excitement if one IS. The Mailboxes, sassy in satin & styrofoam, just begging for More Mail!

HARK! The Herald Angels Sing... The traditional carols making you teary-eyed, lumpy in the throatish... The Radio People FINALLY getting the word & starting the carols early enough. Doesn't that Little Drummer Boy get you, not to mention the glorious Messiah?

Old Rudolph is still holding his own with the Teenaged Reindeer, the Nervous Reindeer, among the noisier newer numbers & have you heard Mr. Magoo (Jim Backus) on "The Office Party?"

Bells on your fingers, bells on your toes, You merely say "Charge It" wherever you go. Don we now our gay apparel & better it be red—which keeps your spirits Up when your Arches are DOWN.

**JINGLE BELLS**... One gent jingling merrily out of Sherman & Clay w/a sleigh bell... A fresh mistletoe hat on a kissable head... Two ladies buying ANYTHING just to load up on those JMagnin gift boxes, Le Dernier Cri in Christmas cartons & an Emmett Kelly clown tooling homeward in a truck, Sad & Mad at the Traffic Jam!

**BABES IN TOYLAND!** A bunch of Big Kids (Over 40) picking out dolls & stuffed animals & Who's buying for Who—Like Young Aaway in A MANGER, the creche scene at Capwell's one of the prettiest for a rejuvenating pause that refreshes...

**THE CONFECTIONERY LOOK** of Suburbia in Fairylend dress of outdoor lights & decor, The Candy Box Look of our Contemporary, Colonial & California-Ranch homes... The Caravan of homecoming headlights at dusk strung out across Suburbia like a giant Christmas Tree strand.

Ah, the time of year, the chimes so dear. The Jangling of Bells in December which precede the juggling of bills in January. The tingling excitement of tripping over tissue & through the tinsel & under the mistletoe, kisselet & to the Post Office & Bake at 350 degrees for 1 hr. & Mail by Dec. 10 (oops, we're late) & the satisfying realization that it will all end up—

SILENT NIGHT, Holy Night—All is calm, all is bright!

## Letters to The Editor

**PUBLICITY**

Dear Editor:  
Last Saturday evening, Catholic Social Service Auxiliary of Alameda County enjoyed its most successful event thus far in its short history. Approximately 1500 people attended "La Bella Fiesta" at Golden Gate Fields Turf Club.

We are sure that the success of this affair was due in no small measure to the very fine publicity afforded us by the SUN. We would like to thank you and your staff for your efforts in our behalf.

May you enjoy a wonderful Christmas season and many blessings throughout the coming year.

MRS. WILLIAM M. CARLISLE

**THANKS**

Dear Editor:  
Thank you so much for the photo by Bob Rush of our Ygnacio Valley P.T.A. rag drive.

It was rather unexpected, and now I'm beginning to realize in my naive way (I'm a novice at this publicity business) how a newspaper is run. Thanks for giving the drive the interest it so justly deserved. The girls worked hard and it was a very successful financial venture.

MRS. J. J. HILLEL

**ANNEXATION**

Dear Editor:

The Pleasant Hill branch of American Association of University Women wishes to thank Richard Osborn, associate editor of the Sun, for serving as moderator at the Annexation Meeting that our group sponsored December 9.

We feel that he handled a difficult job well and, through this meeting, the people attending developed a better understanding of the issues involved. Thank you again for his participation.

MRS. RICHARD GROVE  
Corresponding Secretary  
PH AAUW

**FREEWAY**

Dear Editor:

I note in the December 4, 1959, issue of The Sun that proposals have been made to re-open the Sunnybrook Road Freeway connection near the El Nido to two-way traffic.

I cannot too strongly voice my opposition to such proposals. A resident of Lafayette, I daily drive during the morning commuter rush period over the Sunnybrook connection and I and many hundreds of drivers who do the same are delighted with the present free flow of westbound traffic from Mt. Diablo Boulevard on to the Freeway. As you undoubtedly are aware, during the time that the Sunnybrook connection was two-way traffic backed up on Mt. Diablo Boulevard frequently as far east as the EBMUD facility, and it appears to me that a return to such situation is a definite step backwards.

M. M. NEWMARK.

## Correspondent To Lecture at Diablo College

Global correspondent John Morley, currently on an east coast lecture tour, will deliver on January 13 the first public lecture sponsored by the new, non-political, Women's Assembly for Effective Citizenship. The address will be held in the Diablo Valley College gymnasium at 10 a.m. and will be open to all women without charge.

"Women as a Power for World Peace" will be the subject of the Morley talk.

In a communication to Women's Assembly officers, Morley said he will bring with him a reassuring report on his most recent coverage of the world's critical areas—Moscow, Berlin, Budapest, the Middle-East, Asia, and the Far East.

"I will describe, among other events," Morley said, "a secret meeting I had with Boris Pasternak, famed author of 'Doctor Zhivago' while he was under house arrest. It is an inside story of probably the greatest living Russian writer who dared to call Marxism 'the greatest fraud of our times.'"

Morley believes that there are more prospects for peace now than at almost any time in recent years, notwithstanding certain critical areas.

As an award-winning correspondent Morley has covered world events, often at great personal risk, from the Third Reich of Hitler to the Fifth Republic of General de Gaulle.

## Under The Sun Let's Discuss Unpleasant But Interesting Subject

By HERMAN SILVERMAN

What do the words "Mental Disease" mean to you?

To some, these words have a rather unpleasant but important connotation but one in which we're not too interested. To others, these words may evoke sharp pains; bitter memories of unhappy days; or thankful memories. These people may have had a disturbed child or a relative with mental illness. All of us are paying a heavy tax bill for mental illness.

What I am trying to say is it is a very important subject and today's column presents some material by the Contra Costa County Health Department. At the end are some vitally important facts. Here it is:

Recent progress in the fight against mental disease is now evident. With proper treatment under satisfactory conditions 70 to 80 per cent of mental patients, with an average hospital stay of four months, can be restored to normal social life. Just a few years back only 30 per cent recovered, and required more than a year to get well.

### Progress being made

What are some of the reasons for these advances?

**EARLY RECOGNITION OF WARNING SIGNS:** Headaches, unexplainable fatigue, change of personality, sleeplessness, loss of memory, lowering of work output—all require careful consideration by the doctor to distinguish between a passing indisposition and the first warning signs of mental disease. When preventive treatment is given at this stage, there is every possibility of avoiding mental illness.

**HOSPITALIZATION WHEN NEEDED:** When a mental patient is unable to adapt himself or get along in his environment, it is often necessary to free him from the usual demands of social life—the primary reason for hospitalization.

**"THE THERAPEUTIC COMMUNITY"** is the term given to the atmosphere and artificial social environment of the mental hospital needed to restore the patient.

**THE HOSPITAL STAFF:** The doctor's task is to help patients resume their interest in the world around them, engage in useful activities and gradually grow away from their abnormal attitudes. This process is encouraged by tactful handling of the patient's opposition, hostility, and aggressiveness. It is important to have enough physicians, psychologists, social workers and nurses with extensive training and experience. Once the therapeutic atmosphere has been created, more precise techniques such as psychotherapy with aid from insulin shock, electric shock and narco or sleep therapy, can be applied.

### New drugs are helpful

**MODERN DRUGS:** Chlorpromazine, reserpine, and many other drugs constantly being discovered seem to relax those functions which are most commonly involved in mental disease. Many times prolonged application of drugs, combined with psychotherapy and sociotherapy can bring about a veritable resurrection. Drugs relieve the most painful symptoms of mental disorder such as agitation, anxiety, aggressiveness, and allow psychotherapy to be carried out more satisfactorily.

Despite recent progress, California taxpayers still "donate" over \$100,000,000 each year for just the state-operated hospitals and clinics (16 hospitals and 7 outpatient clinics). Worldwide, nationwide and locally very much still needs to be done, particularly in the realms of research and rehabilitation after the patient returns to normal social life.

Rehabilitation and research are two important aspects of mental illness not discussed above. Rehabilitation for the recovered mental patient should begin immediately after admission to the hospital or clinic. Its success is the real test of the teamwork between the treatment services and the community.

### Here in the county

Contra Costa County needs to know how well it is prepared to receive the 40 to 50 persons who return from mental hospital and clinic care each month. Are facilities provided to help them bridge the gap between the dependence of the sick and the independence of the well? How many sheltered workshops and social clubs are available to help the ex-patient make gradual steps toward integration into the general stream of community life? Are we sure the home where the patient first became sick is now ready to keep him well?

These questions and many others can only be answered by research and by the efforts of interested citizens. Call the Health Department, ACademy 8-3000, Ext. 551, for information if you would like to join with others in promoting mental health.

### If you need help...

The newly created Contra Costa Counseling Services fill a long felt need in our county. A group of carefully selected, experienced social workers are providing individual and group counseling on such problems as marital difficulties; parent-child relationships; school and behavior problems; individual personal adjustment and problems related to illness, old age and employment.

Offices have been set up in Richmond and in Alamo. Persons desiring information or wishing to make an appointment are requested to phone first. Daytime and evening appointments may be arranged by telephoning BEacon 5-4720 or YELlowstone 4-4205.

Counseling is offered at a fee of \$10 per interview. It is hoped that as soon as the organization becomes financially able, it can subsidize the cost of treatment for those who are unable to pay.

## Elks Plan Party, Kids Festivities for Yule

A gala schedule of holiday activities is being planned by members of the Walnut Creek, Elks lodge, Rowland H. Barrett, exalted ruler, announced today.

The annual Christmas party for children of Elks will be held Tuesday at 1:30 p.m. at the Elks Theater under the chairmanship of Don Ford. Santa Claus will be on hand to distribute ice cream and candy and member Elwood Laws, who donates the use of the theater each year, has planned a program of movie cartoons and movies to entertain the children.

**SUNDAY FROM 2 to 5 p.m.,** Barrett, A 44 by 72 foot new lodge is the date set for the group's meeting room will be completely yearly Tom and Jerry party, to be held at the lodge building. There will be a buffet and entertainment. Prospective members and guests of Elks are invited to this event.

High spot of the Elks' holiday festivities will be the New Year's eve party Dec. 31, under the personal risk, from the Third Reich of Hitler to the Fifth Republic of General de Gaulle.

## + Suburbia Today +

"It's adorable, may I haggle for it?"

## Fish Pond or Mud Puddle?

"A Marsh Creek Recreation Lake—or a Silt Pool?"

This comment is stated in capital letters across the top of a notice sent out recently by the Contra Costa Park and Recreation Council calling attention to a public meeting held to discuss the Marsh Creek Flood Control Dam.

It is a pertinent comment, and behind it lies an equally pertinent truth.

The population of Contra Costa County is growing at a tremendous rate, and we are already far behind our needs for parks and recreational facilities.

**IT IS TRUE THAT** "back yard" recreation fulfills many of our needs—enables us to enjoy a country atmosphere that the urban dweller must do without, but it does not take the place of a well planned recreational facility open to all.

Another obvious point is that land suitable for parks and recreation is becoming increasingly scarce, or is priced out of range of recreation and park purchasers.

Now what about the Marsh Creek Flood Control Dam?

Anyone who has ever driven the Marsh Creek Road knows that it passes through some of the most beautiful country in the county.

It is also obvious that much of it is ideally suited to public recreation facilities. Private interests discovered this long ago.

**A MARSH CREEK Flood Control Dam** will be built. This is a fact. The only question is whether or not the lake behind the dam will serve a single or

dual purpose.

With present funds, allocated to flood control, it will serve only a single purpose... that of checking overflow rain waters and preventing flooding. That is what the dam is designed to do.

But with a minor additional expenditure, this lake could be converted into a beautiful recreation lake with boating and year-round fishing.

The Contra Costa Park and Recreation Council is heartily in favor of this project.

The Marsh Creek area is already in the county Park Master Plan.

The dam will cost close to \$1 million, but the additional funds needed to convert this into a beautiful recreation spot total only \$127,000.

It is obvious that the benefit will far outweigh the costs, financially speaking.

**BUT THE BENEFIT** in thousands of hours of recreation for us, as county taxpayers, is hard to assess.

The County Park Commission has commented, "No other site in the county can be substituted if this site is not purchased by the county."

It is obvious that this is an important issue, and should be weighed carefully by the board of supervisors. Sometimes it is better not to be penny wise and pound foolish.

It would be hard to discover a site more adapted to the recreation needs of the Contra Costa Family than the old John Marsh home and surrounding area.

It would be almost impossible to find one at the available cost of this one.

This is the time for action.

## The Staff Corner Bank Robbing Changed

By NORMAN COLBY

As a youth, I never considered robbing a bank because of my father's good advice concerning honesty, and because of the movies I had seen.

In the movies the thug walks into the bank, sticks a gun through the teller's cage, and says "Give me all your cash!"

Then an alarm rings; the teller reaches for a gun; a host of black-uniformed guards burst out from the manager's office; the thug scoops up some petty cash; sirens begin to blast; bullets slice through the air. And depending on the plot, the thug either falls, gasping his last, or narrowly escapes death in his get-away.

**THAT WASN'T FOR ME.**

As an adult, I still don't consider bank robbing a satisfactory career, or hobby. The image I have since built of myself would suffer too much.

But reading the newspapers these days convinces me that the old movie versions are either out of date or were meant only for the vicarious thrill-seekers, or the very gullible.

The bank looks like any other business, or perhaps only a little more solid, masonry-wise.

**THE TELLERS AND** other employees are not nervous people with one foot on an alarm and a hand poised near a hidden revolver. There are no guards.

And the tough masked thug has gone into some other endeavor. Most bank robbers, in San Francisco at least, turn out to be 120-pound store clerks who are trying to make the latest payment on their Jaguar, an old lady whose social security isn't doing the whole job, or

sometimes a guy who isn't foolish enough to tackle an entire bank until he is too drunk to stand up—as was the case a couple of weeks ago in The City.

And the teller's don't become angry avengers, doing or dying for their boss. They have instructions to "obey orders," and let the Federal and State authorities, including the Federal Bureau of Investigation, do the apprehending.

**SO, IT LOOKS TO ME** like banking has changed. It's not like the old days. Just another business.

Or, almost anyway. It still may have its moments, like the one described by the Associated Press in Los Angeles earlier this month.

The A.P. said, "A tall robber wearing sports clothes just wouldn't take no for an answer."

"Police said he ordered a teller at a Citizens National Bank branch to fill a bag with money."

"I can't. It's not my money," she said. "He moved, revolver and sack in hand, to the next window."

**"I CAN'T. I'M JUST A clerk here,"** said the second teller.

"He moved to a third window. Perhaps it was the look of impatience, he now had. At any rate, he got \$1000."

"But it wasn't enough."

"Fifteen minutes later a man with the same description handed a note to a Security-First National Bank teller: 'Give me all the money.'"

**"SHE PUT \$1500** into his bag. He moved to another window."

"Where's your gun?" demanded teller Bruce Penneck.

"The bandit turned and stalked out."

"HONEST INJUN," little Danice Krampe seems to be saying to John Price, executive secretary of the Mt. Diablo YMCA as her father, Don, agrees. Christmas tree sales will benefit the YMCA program during the coming year. —Sun photo by Bob Rush.

## Simonds Elected President of Therapy Center

James Simonds, prominent Lafayette contractor, was elected president of the Mt. Diablo Therapy Center board of directors at the annual meeting at the Center building on Golf Club Road.

He succeeds John E. McKirahan who served two consecutive terms.

Other officers include Charles A. Wood Jr., of Martinez, vice-president; Mrs. J. R. Lar Lieu of Walnut Creek, secretary; and Mrs. Donald Krotz of Orinda, treasurer.

Re-elected to the board of directors were Gerald Ball, Dr. Norman Betague, Vance Perry and Julian Ramelli of Walnut Creek, Manuel Giffin, Diablo, Simeon Jeffries, Orinda, Mrs. Harold Parker, Moraga, John E. McKirahan, Lafayette, F. R. Rippingham, Pittsburg, William R. Sharkey Jr., Martinez and Walter Weinzheimer of Concord.

## Top Teacher Goes to School...

Among the more than 13,000 adults of Contra Costa County who go to school at night, there's one who stands out in the crowd. He is a big schoolman, six feet seven inches tall and the county superintendent, Dr. Floyd Marchus, of Walnut Creek.

The county superintendent believes in the product he is helping to produce. Although he holds the

highest college degree that can be earned, he's still working on his own education.

Dr. Marchus attends a public speaking class each Wednesday night at Acalanes High School. Along with his classmates, the county superintendent receives his assignments, does his homework and, when the occasion de-

mands, earns the criticism of Instructor Sherwood Knight of Walnut Creek.

This is a switch for Dr. Marchus, former teacher in elementary school, high school and college, former dean of boys, former principal, former district superintendent.

It is also a switch for Instruc-

tor Knight, who is retired and who is realizing an ambition to teach and give expression to his flair for public speaking. But, both the student and the teacher are typical so far as adult education is concerned.

Many adults enrolled in classes operated by Contra Costa Junior College and the high school and unified districts are college graduates. Many instructors are not career teachers but are experts in their particular fields.

Inspired by his own experience, Dr. Marchus gave his "final examination" speech recently at a dinner meeting on "Why Adult Education—It Is Night Life That Pays."

## Meditation, Not Murder: Check Your Car Now

Christmas is a time for meditation and merriment, not motorized murder.

The Christmas holiday is almost here again and Christmas driving is apt to bring along its usual quota of maiming injuries and sudden deaths. You can do your part, points out the National Automobile Club, to see that these injuries and deaths are kept to a reasonable minimum.

Begin by checking on the mechanical condition of your car. Have the brakes been a little loose lately, have they taken more than the usual distance to bring you to a stop?

Has the windshield wiper blade lost its pliability to the point where it just smears the moisture and mud, doesn't wipe it away? Have the tires lost all their tread?

Are they so smooth now that the slightest thing can throw you into a dangerous skid?

Consider these points and others like them and, if corrections seem to be called for, make these corrections. You can drive no more safely than the mechanical condition of your car permits.

How about your knowledge of, and respect for, our driving rules and regulations? Do you know who has the right of way at intersections? Do you know about the proper way to make signals in traffic, and about the proper procedure for getting out from the curb or passing another car on the open road?

Do you know what the law says about drinking and driving? When you've had a few drinks do you begin to grow arrogant and reckless, want to "show all these other guys." Or do you have enough sense to turn over the business of driving to one who has a clear head?

Check on these things. Know about the mechanical condition of your car, about these driving rules and regulations, and about your attitude towards these rules and regulations.

Above all, bring to this important job of driving a strong sense of your responsibility and a strong desire to show courtesy and consideration to those other drivers in every driving situation. By showing this courtesy and consideration for others you can bring into your driving something of the spirit of Christmas, and you can help to keep yourself safe.

### STAFF OF LIFE

The Greek word for bread is "Psomi." Germans call it "Brot." In Latin America, the Spanish word is "Pan." But everywhere, it's the staff of life. And to millions of needy people it's the same as saying CARE, which brings them flour to bake into bread. You give bread to the hungry when you send a contribution to the CARE Food Crusade, 444 Market Street, San Francisco.

### AUTOMOTIVE PRODUCTION

Automotive factories in the United States produced 5,847,083 motor vehicles during the period from January 1 through October 31, 1959, reports the National Automobile Club. This was 2,015,473 more motor vehicles than they produced in the same period of 1958.

## Choral Women Bring Finest Music to Life

Light opera and choral music, so pleasing to the ear but difficult to create, is the specialty of the Diablo Valley Choral.

Formed by some 25 central county women in 1942, it has increased to 36, and its program of providing without charge fine music for senior citizens, hospital patients, veterans and churches has become stronger each year.

Of course, the choral will be busy this Christmas season with events, such as their appearance last week at a Walnut Creek Senior Citizens meeting.

"BUT WE ARE especially looking forward to our spring concert, and it is still time for non-members to also audition for parts," said Mrs. C. R. Smith of Lafayette, president.

She said, "This is our only fund raiser, and last year the proceeds went to the Las Trampas School for the retarded."

Mrs. Smith said beneficiaries of past years include the Diablo Valley Center for the Blind, the Lynn School for the Retarded, the

Las Lomas Swim Pool, and the Walnut Creek Recreation Center. The choral began under the direction of Nancy Turner who was killed in a plane accident in the 1940s, and it now is under the able direction of Nico Snel, who is a graduate of the University of Amsterdam conservatory. He has directed light opera and oratorio music productions.

ORIGINAL members of the group who are still adding their voices to the choral are Margaret Marsan and Eleanor Dixon, both of Walnut Creek.

Mrs. L. W. Laughlin is chairman of the membership committee, and may be contacted by prospective members.

Other officers are Mesdames C. C. Wright, vice president; Edward Koskinen, treasurer; and Austin Little, secretary.

PREMIERE OF a new Christmas ballet for young people, "Street of the Piper," will be held at the Las Lomas High School Auditorium Tuesday, under the auspices of the Lafayette Nursery School and Dick Ford, noted television performer. Arlene Ashworth (left) and Kathleen Hedlund are two of the eight Walnut Creek girls who will perform in the presentation. They are shown with H. Clay Barnard, one of the professional performers who will be seen in the ballet. —Sun photo by Mattson.

## Local Girls Take Part In New Christmas Ballet

Eight local girls will dance in "The Street of the Piper," it was announced Saturday by Dick Ford, producer of the ballet which will be presented Tuesday at 2 p.m. at the Las Lomas High School Auditorium.

The Christmas ballet will be narrated by Dick Ford, KQED star, and will feature 10 professional adult dancers and over 50 experienced children in addition to the Walnut Creek area girls who will appear in the spectacular carnival sequence.

THE LOCAL GIRLS, all Dick Ford pupils, include Arlene Ashworth, Kathleen Hedlund, Carol Chuekovich, Marilyn Butz, Sally Schering, Peggy Malloy, Margaret Olsen and Laura Joseph.

Elaborate and colorful costumes and wigs will adorn every dancer and such quaint and original characters as the trio of "Hiccup, Giggle and Scratch" all combine to offer central Contra Costa school children a rare opportunity in close-to-home "live" entertainment.

Girl Scouts from Diablo Valley Troop 329 will be on hand to usher and help supervise the younger members of the audience.

### CROSS CAREFULLY

Increased hours of darkness and heavy holiday shopping mean increased danger for the pedestrian. Cross streets only at corners or within approved crosswalks, urges the California State Automobile Association, and look in all directions before leaving the curb.

The diet of Iranian peasants averages 1900 calories a day, against a minimum requirement of 2250 calories. As part of its Food Crusade, CARE asks Americans to send 225,000 packages of U.S. Farm foods, at \$1 each to the needy in Iran. Mail contributions to CARE, 444 Market Street, San Francisco.

## Tuberculosis Continues to Cause Deaths

"There were 15 newly diagnosed cases of tuberculosis reported in Contra Costa County in the 26 days since the 53rd annual Christmas Seal campaign began on November 16," Mrs. George Chapman, Seal chairman, said today.

"In addition, there were two deaths caused by the disease during that time. Tuberculosis continues as a tremendous public health problem in this area."

Mrs. Chapman urged the citizens of Contra Costa County to answer their Christmas Seal appeal letters as soon as possible. Total Christmas Seal returns through last Friday were \$35,424.99. This is a 11 per cent increase over the same period last year.

"The association's fight against tuberculosis, which attacked 134 people in this area last year, is supported solely by Christmas Seal contributors.

"We depend on the money the residents of our county send for the seals they got in the mail," Mrs. Chapman said.

"And the appeal letters that were mailed with the Christmas Seals are the association's silent ambassadors. No one will be contacted personally. Nobody will go door to door selling Seals.

"Whether a person contributes and how much they give is a private matter with the individual," continued Mrs. Chapman.

## Polio Still Is Threat in December

Though the holiday season is here—the polio season is not over. In December 1958 two serious cases of polio occurred in this county, both in unvaccinated persons.

One was a nine-year-old girl who died and the other an adult who is now seriously disabled.

In addition to other Christmas gifts, why not give the gift that really counts—protection against polio.

There is not much use of giving a bicycle if the child is unable to ride it.

A gift of a polio injection for this Christmas may well prove to be of permanent and immeasurable benefit.

Immunizations are best obtained from one source of medical care—the private physician. However, health department immunization clinics are held throughout the county for those who have difficulty in obtaining these services privately.

### KEEP PACE

When driving in heavy traffic, a good driver keeps pace with other cars, says the California State Automobile Association. Driving faster or slower than the bulk of traffic can be dangerous and often creates hazards for everyone.

# Cancer Survey Leaders Are Selected

Group leaders in the American Cancer Society's living habits study in Contra Costa County were announced today. A call was made for volunteers among families eligible for the survey to determine why some persons are more likely to get cancer than others. Families who may participate in the six-year survey, part of the largest medical statistical study ever attempted, must have one member at least 45 years of age, Mrs. John Selley, county chairman, said today.

MRS. SELLEY assured all those desiring to participate in the survey that the interviews will be confidential and that the interviewed families will seal their own reports before mailing to New York City for impersonal statistical evaluation. Families wishing to make this contribution may register now with Mrs. Selley, at 2114 San Miguel Drive, Walnut Creek.

Volunteer researchers, without whom the giant project would be impossible because of cost, also are needed in some areas, she said. Group leaders in the survey: IN ORINDA, Mrs. James Moriarity, 80 La Cuesta Road, Mrs. Andrew Hartanov, 151 Camino

Don Miguel, and assistant Mrs. William W. Lincoln, 2 Kittiwake Road, Mrs. Frank Lorenz, 1 Meadow Lands Court, and Mrs. R. Kilner, 125 Lombardy Lane. In Lafayette, Mrs. Fred Stillings, 1080 Serrano Court, Mrs. Dorothy Mutnick, 755 Glenside Drive, Mrs. Marshall Steel, Jr.,

1266 Upper Happy Valley Road, Mrs. Harold Paige, 1212' Monticello. In Walnut Creek, Mrs. Robb Sherlock, 1001 El Curtola Blvd. In Danville-Alamo, Mrs. Mary Kwiatt, 1401 Bernie Lane, Alamo, Mrs. Frank Wells, 273 Valle Vista, Danville.

In Pleasant Hill, Mrs. Barbara Maser, 174 Agnes Way, Mrs. Stanley Gammon, Roberta Drive.

## PH Rams Top 3-Way Go

The Pleasant Hill Rams topped the field in a three way wrestling meet held at Pleasant Hill High last Friday afternoon.

The meet found each team meeting the other two in which each man wrestled twice in the course of the afternoon. Scores were based on two points for a draw, three for a decision and five for a fall.

PLEASANT HILL scored 70 points, Pittsburg 40 and Miramonte 31 on a three-way basis. On a dual basis the Rams defeated Miramonte 33-9 and Pittsburg 37-12. Pittsburg edged Miramonte 28-22.

### Galloping Gaels Invade FM Band

A complete schedule of basketball games to be broadcast over the new frequency modulation station, KPUP, 106.9 on the FM dial, was released today.

The Galloping Gaels of Saint Mary's and the USF Dons will participate in a pioneering radio effort when the majority of their games will be broadcast in a venture that marks a first in the Bay area on the wave band usually associated with musical programs.

The broadcasts will feature Russ Hodges, Bob Fouts and Lon Simmons, all nationally known sportscasters, and is a joint effort between Saint Mary's College and the University of San Francisco in association with Franklin Mieluli and Associates.

With special permission of the KPUP management, Saint Mary's students living on campus will hear the games over their carrier-current AM station KHSM. The student operated station will pick up the broadcasts from FM and rebroadcast them on AM.

The full schedule, subject to change, is as follows:  
December 19, Saint Mary's-Utah, Salt Lake City; December 26, USF-San Jose State (WCAC Tournament); USF; December 28, Saint Mary's-Seattle (WCAC Tournament); USF; December 29 (WCAC Tournament-USF, first game), USF; (WCAC Tournament-USF, second game), USF; January 5, Saint Mary's-USF, Saint Mary's; January 6, Saint Mary's-University of California, Davis, Davis; January 8, USF-Loyola (Los Angeles), Los Angeles; January 9, USF-Pepperdine, Los Angeles.

January 12, Saint Mary's-College of Pacific, Saint Mary's; January 23, Saint Mary's-San Jose State, San Jose; January 28, USF-San Francisco State, USF; January 30, Saint Mary's-Seattle, Seattle; February 1, USF-Texas A&M, USF; February 3, Saint Mary's-Pepperdine, Saint Mary's; February 5, USF - Pepperdine, USF.

February 6, USF-Loyola, USF; February 9, Saint Mary's-Santa Clara, San Jose; February 12, USF-Santa Clara, USF; February 15, Saint Mary's-Humboldt State, Saint Mary's; February 16, USF-San Jose State, San Jose; February 19, USF-College of Pacific, USF; February 20, USF-Saint Mary's, USF; February 23, Saint Mary's-San Jose State, Saint Mary's; February 26, Saint Mary's-Loyola, Los Angeles; February 27, Saint Mary's-Pepperdine, Los Angeles.

March 1, USF-Santa Clara, San Jose; March 4, Saint Mary's-Santa Clara, Saint Mary's.

### HOW TO KEEP PANS SHINY

Aluminum pans should not be submerged in warm water if you want to preserve the shiny outside finish. The minerals in water and food particles, particularly salt, will pit the aluminum surface. To clean, pour warm water inside the pan to loosen food. Then rinse and dry thoroughly.

## Olde Prof Recovers From Hoopitis; Tries More Picks

Soss Opple feels that he isn't going out on the limb when he states that the New Year will bring a close and tight basketball race in the Foothill Division.

That was pretty well shown by the Miramonte Jamboree which found all teams giving a good account of themselves. Games tonight wind up the play until after the Christmas holidays as all activity is confined to practice session until schools open on January 4, 1960.

Tonight finds Acalanes playing Stagg High School of Stockton at Del Valle High's new gym. The Dons have a job here and in reality it will be playing on a neutral court.

The Dons haven't reached their peak as yet and will lose here as the Stockton team is one of the San Joaquin Valley's best with one of Northern California's best players in Gino Garibaldi, 6'5".

Pleasant Hill played at San Ramon yesterday and the edge here goes to the Danville Wolves. Pleasant Hill has lost a pair of key men due to injuries and Coach Art Poulin is really short on experience to begin with.

Miramonte under Coach Herb Graw has come a long way. They also played yesterday with the results unknown when this was written.

Alhambra High furnishes the Orinda five opposition on the Miramonte court. Pick the Mats to win.

In another game played yesterday the Las Lomas Knights played an afternoon game at De Anza. The Knights are a good club coming fast and tab them to win here.

## Hunters Asked 'to Stand Up and Be Counted, Now'

President Gehard Mickelson of the Associated Sportsmen of California today called on the State's 400,000 deer hunters to "stand up and be counted" on the management of California's deer herds.

Mickelson commended the California Department of Fish and Game for its efforts to present the facts of modern deer management to the sportsmen of the state.

"We think most hunters now have enough facts to make a clear-headed decision, without getting lost in the clouds of emotional argument which seem to get kicked up around this issue," Mickelson said.

The Associated Sportsmen of California, at its last State Council meeting reaffirmed its strong stand in favor of modern deer management, Mickelson observed. The Associated Sportsmen of California represents 130 clubs throughout northern California.

"We're sure that most deer hunters, now that they have the facts, will join us in supporting a program of controlled either-sex deer hunting," the ASC President said.

Mickelson complimented Director William E. Warne of the California Department of Fish and Game for focussing public attention on the need for deer management in the Fish and Game Director's talks and other appearances throughout the State.

Mickelson also urged all deer hunters to get a copy of the special all-deer issue of the Department of Fish and Game's monthly bulletin, Outdoor California.

"This is a thorough, objective discussion of deer management, every thinking hunter, no matter how he stands, should see a copy," Mickelson said.

# Callow: Athlete, Coach, Director

Merrill Callow of Las Lomas is one of the most popular teachers in the business as well as of the most capable. Merrill has a wonderful personality and a keen sense of humor that has made him a lot of friends.

Born in San Francisco, he moved with his family across the bay when he was a year old and it was there that he went to high school and college.

AT BERKELEY High he was a standout in basketball playing on the varsity for three years and making all league games in 1940. In the fall, he played football as a center and later as a half-back. He took a turn at tossing the discus in track in the spring and in the summer kept busy in the athletic picture with American Legion baseball.

He wound his four years up at Berkeley High with top grades and in the fall of 1941 entered the University of California where he played frosh basketball and baseball.

In his sophomore year, he was set back when Coach Nibs Price cut him from the squad which only proved to be temporary. His determination and hard work brought him back with a vengeance. He played as a guard on the varsity squad in his junior and senior years as well as playing baseball as an outfielder on the Cinnamon Bear baseball team.

MERRILL graduated in 1945, took a grad year and married his pretty high school and college sweetheart Barbara Whittingham.

He took his first coaching and teaching job at Clarksburg the

following year. He taught P.E. in eighth grade in grammar school. He moved to Piedmont High in the high school and the coaching was in football, basketball and baseball as well as teaching the

MERRILL CALLOW OF LAS LOMAS  
"... the game is won play by play."

in 1952.

He started out at the Walnut Creek school teaching math and physical education as well as coaching football, basketball and track. He moved into counseling in 1953 and at present confines his coaching to basketball at which, as with everything, he is most proficient.

HIS TEAMS are always near if not at the top in the standings.

His team won the first Miramonte Jamboree held three years ago and was runner-up this year to Acalanes. Last season they ended in a three-way tie for first with Acalanes and Miramonte. In league play this year it looks like a battle down to the wire between Las Lomas and Acalanes.

His versatility is shown by the fact that he directed the senior play at Clarksburg High, although, with his sense of humor, he stated "that was the year I left," when asked how it went.

HE HAS A MOST interesting hobby: playing Santa Claus. He has his own suit and its real experience to see him in action and those who have nominated him as their Santa.

He has been the Santa at school functions for years and annually serves as the official Santa for many of the faculty and neighborhood children as he totes his bright red bag from house to house.

With a gleam in his eye, he states "my own children don't know it's their dad."

The Callows with their sons, Rick, 3, and Doug, 4, live on Austin Lane in Alamo.

### Dons Snag Jamboree in Story Book Fashion

The Acalanes Dons came off with the top award, the first place trophy in the Miramonte Basketball Jamboree which played the opening round last Friday night and wound up on Saturday.

The Acalanes five copped the title in a story book fashion in accordance with the best Hollywood script when Tom Strain, a junior Don forward, took the ball on an out of bounds play with four seconds on the clock, shot and the gun sounded with the ball in mid air.

THE SHOT WAS true and it enabled Acalanes to gain a 25-23 tie and both clubs posted three wins and a tie. It meant the title as rules provided in case of a tie the championship went to the club with the best defensive record.

Two proved to be the Dons' magic number as the books gave them a two-point edge in defensive play over the Las Lomas Knights who wound up with the runner up award, 3-1.

Piedmont took third with a 1-2-1 record, Miramonte fourth,

1-3-0. Miramonte's rooting section won the judges' vote and a cup as the best in the two nights of play.

THE ALL-TOURNAMENT Team found Las Lomas placing the Nichols brothers, Tom and Bob, Acalanes had Paul Collin, Miramonte Bill Caldwell and Piedmont Dave Shaw.

Tom Nichols in addition received honors and medallions as the most valuable and outstanding offensive player. The defensive player award went to Colin.

The tournament, in its third year, found the Dons taking their turn after Las Lomas won in 1957 and Miramonte in 1958. In Friday's play, Las Lomas copped a pair of wins, trimming Miramonte 26-18 and following with a 29-19 edgewood over Piedmont.

ACALANES IN TURN won two, nailing Miramonte 26-15 and downing San Ramon 32-22.

### Rams Bow to Bishop 32-24

The Pleasant Hill Rams played Bishop O'Dowd in last Saturday's Tournament at Hayward and lost out, 32-24, as O'Dowd went on to win the top spot in the week end play.

In their other tournament game the Rams defeated Castro Valley, 31-13.

THE RAMS were back on the hardwood with O'Dowd again last Tuesday afternoon at the East Oakland court and found them tough on their home court as they racked the local five 51-34.

The defeat came largely thanks to a cold first quarter by the Rams when they failed to score a single point while O'Dowd collected 13 points which proved to be anything but unlucky as they made it 25-10 at the half and 35-20 at the end of the third quarter.

Dick Sogliano proved to be the thorn in the side of the Rams as he hit for 21 points with some "dead eye" shooting plus some fine backboard work.

PLEASANT HILL hit for 10 of 40 floor shots for a 25 per cent average while O'Dowd hit 18 x 43 for 42 per cent.

The Pleasant Hill five lost Ron Yamamoto, their ace forward, when he twisted a knee early in the game and this, plus the loss of Mack Thorpe, who sprained an ankle in last Saturday's play, left Coach Art Poulin short handed.

Center Dick Dole wound up high for the Rams with nine points.

In the Bee game O'Dowd won going away, 33-15.

### Volleyball Teams Formed at PHHS

Men and women who enjoy playing volleyball may enter the games played at the Pleasant Hill High School Gym under supervision of the Pleasant Hill Recreation District.

Teams will be organized January 6. Volleyball will be played in the women's gym at the same time the men are playing basketball in the boys gym.

### Happy Trip Taken By Knights, Babes

The Las Lomas Knights made the trip home from Vallejo last Tuesday, a happy one when the Bees took a 32-31 win and the varsity followed with a 33-29 victory.

The varsity, minus the services of Bob Nichols, who was laid low with flu, came up with a good reserve performance by Bob Holcomb who played a good all around game coming up with rebounds out of 24 while Vallejo garnered 31.

THE KNIGHTS WERE off to a good first quarter getting 14 points to Vallejo's seven with Holcomb getting four and Tom Nichols five to pace the scoring.

Vallejo picked up in the second quarter outscoring the Knights 11-6 to make it 20-18 at the half.

The Knights began to pull away in the third quarter as they went ahead 29-21.

### Mats Win, Gil Paces

The Miramonte Matadors found the home court to their liking last Tuesday afternoon as they were paced by center Jack Gilbert to a convincing 47-34 win.

Gilbert hit for 10 for 14 shots from the floor and a perfect 4 x 4 from the free throw line to wind up with a nifty 24 points for tops in scoring.

IT WAS CLOSE the first quarter as Miramonte wound up with a two-point edge on a 9-7 count which they stretched to 20-12 at the half and held on for a 32-20 third quarter advantage.

In the rebounding, it was Miramonte 34-20 with Gilbert collecting 12 and teammate Doug Hudson getting eight to equal the visitors' 20 total.

In scoring Miramonte Bill Caldwell was next in line with eight points on three field goals plus a pair of free throws.

In the preliminary game Miramonte's Bees were edged by De Anzas Junior Varsity in an overtime 30-27.

### Acalanes Frozen, Eagles Thawed

The Dons went as cold as the weather when they "froze" in their games with Clayton Valley Eagles Tuesday afternoon.

The varsity holding a ten point advantage late in the game lost it in the final quarter when the Eagles outscored them 12-6, to win out in the overall card 40-39.

In the Bee game the Dons Babes were out in front 9 points late in the game only to wind up with a 46-44 loss.

On a quarterly basis the varsity game was a close one all the way with Clayton Valley holding a 13-10 first quarter advantage while the Dons pulled up to take a 21-19 half time lead. Acalanes forged ahead to a 33-28 third quarter advantage only to fade in the home stretch.

In the rebounds, it was as close as the score Clayton Valley 33, Acalanes 32 with Paul Collin getting 13 for the Dons.

The Dons lost the ball 14 times on miscues to 11 for the Eagles

## Lawrence Grabs Three From Paddock at Monument

Classic Bill Dagneau of Compton's Sporting Goods posted a high single of 223 and Nel Martinez rolled a 217-612 to pace Diablo Bowling Supply to a 3-1 win over runnerup A Shop for Bowlers. The leading Lawrence Chrysler-Plymouth took three points from Paddock Bowl.

**Diablo Valley 810**  
Despite taking only one point from Toro Imports, Walnut Creek Electric held the top spot. Don Andrews of Lafayette American Legion had a 223 game and Bob Wiseman of second-place Apex Manufacturing rolled 201-200-202, 603.

**Diablo 760 Handicap**  
A pair of 200 games, one by Bill Hall of O'Hara Trophies and

another by Jerry Roberts of Coulson Pest Control, and a 589 series by Norm Rubey of Adler Tires featured the action as Walnut Creek Native Sons took three points from Sons of Norway to retain the lead.

**Busy Belles**  
First place Paul Gailus Realtor gained ground, despite a 2-2 split with Four Corners Auto Sales as runnerup Corbin's Pharmacy dropped a 3-1 set to Albee's Beauty Shop. The next two, Seaport and Contra Costa Health Foods, both swept their sets as Lorraine Powers of the Health Foods team paced the action with a 481 series.

**Hard Luck 750 Handicap**  
Pepsi Cola, led by Norm Hal-

lerson's Masonry, the previous leader, dropped to second after a 2-2 split with Willert-Henriksen. Jack Hoyer of Alamo Pools rolled a 210.

**Kingpins**  
A 540 series by Bob Blikeng paced Sons of Norway to a 3-1 triumph over the pace setting Swanton Yacht Harbor and Diablo Fence, with Vince Engel posting a 230 game, retained second by taking four from Yacht Club.

**Blue Monday 800**  
Al Shuler put together a 588 series to lead the first place Monument Bowl team to a 3-1 victory over Quaker House as Howard Blair of the losers rolled a 230 game. Perk's Meats took four points from Robb-Nobles to move into a second place tie with Sutherland Construction.

**Has Beens Trio**  
With Tom Tancerey rolling a 196-530, pace-setting Toro Imports took three points from Xaviers Shoe Shop. Tony Costa's 205 game led runnerup Jaye Trio over Anderson-Wood Insurance, 3-1.

**Pin Pals**  
Estates Cleaners lost a 3-1 set to Team No. 4 but held the top spot and runnerup Navlet's swept Senior's Junior Boot Shop. Terry's El Monte Mobile Service ad-

vanced to third by winning four from Team No. 16. Jo Anne Davies, Davi Jewelers, and Rita Lang, Star's Shell Service, rolled 178 games and the latter had a 488 set.

**Scratch Trio**  
Phyllis Baxter of Bay Area Stations rolled a 226 game and a four-game 666 set and Helen Gibson of Pepsi Cola picked up a 3-7-10 split to highlight the action. Anderson-Wood Insurance stayed at the helm.

## Skiing, Highway Reports Planned

Reports on skiing and highway conditions in the Sierra Nevada will again be provided by the Ski Tow Operators and the California State Automobile Association this winter.

The reports will begin as soon as snow falls and will be made available by the motorists' organization to news media, sporting goods stores and ski clubs throughout northern and central California.

The daily reports will include snow depths, condition of snow for skiing, highway conditions, and weather outlook.

The ski areas which will telephone daily information to the CSAA include: Highway 40—Rainbow, Soda Springs, Sugar Bowl, Donner Ski Ranch; Highway 89—Squaw Valley, Papoose Peak.

Highway 50—Edelweiss, Twin Bridges, Echo Summit, Heavenly Valley; Highway 88—Peddler Hill; Highway 108—Dodge Ridge; Highway 49—Yuba Ski Land; Highways 36 and 89—Lassen Park; Highway 99—Mount Shasta Ski Bowl; Highway 27 (Nevada)

Mount Rose, Reno Ski Bowl; Highways 140 and 41—Yosemite (Badger Pass); Highway 168—China Peak.

The CSAA also compiles information on new winter sports facilities and accommodations and distributes this to skiers and winter sports enthusiasts.

## Young Men Are Getting Orders

M/Sergeant Verlan M. Davis local Air Force recruiter announces that young men who qualify for Navigator and Pilot Training are presently receiving their "Letters of Acceptance" in a matter of days, and their class assignments in a few weeks. Sgt. Davis further stated that personnel having a high school diploma are eligible to make application. Cadets receive their commission and wings upon successfully completing the three phases of Training. In addition to the basic pay and allowances of a commissioned officer, the young flyer receives flying pay each month.

For further information contact Sgt. Davis at 2118 Concord Blvd., Concord, or each Wednesday at 2040 Mt. Diablo Blvd., Walnut Creek.

## Everywhere People Are Talking Up Eager Beavers

People are talking about the Eager Beaver Thrift Shop. Yes, indeed. They are telling their friends (and THEY are telling

THEIR friends) about the little bargain shoppe that is located on Mt. Diablo Boulevard at 3437.

They are telling about the wonderful buys for Christmas shopping, the bargains in household items, clothing, record albums, books and the unusual "etc." merchandise that we have at times.

THEY TALK about the good service (all volunteer) and the little personal things that we do. They like the idea of listing their special requests and notifying them when they come in.

Allowing men's suits and jackets to be taken out overnight to be tried for size. Holding articles for one week for their convenience.

For the night lighting of our window displays that gives the Mr. and Mrs. a chance to window-shop together. All of these things add up to customer service and people like it.

THEY TELL US that they appreciate the savings that we make possible for them. They tell us that they never realized a Thrift Shop could be like a "regular store" and they are proud to show there.

They tell us that we need a bigger place and they are so right. But for the present, we must settle for just an additional service. A telephone. We know that it can be most helpful to our little shop and its customers.

The seven women who sponsor the Eager Beavers Thrift Shop (to maintain the Lafayette Senior Recreation Center) are gratified to see their little duckling turn into a swan for a double community service.

## Maritime Exam Openings Told

The Honorable Jerome R. Waldie, state assemblyman, representing the 10th district, announces a competitive examination for young men in his district to become his nominee for admission to the California Maritime Academy in August.

The examination will be held at 9 a.m. on April 2, at the California Maritime Academy, located in Vallejo. There are no fees required to take this examination.

The applicant with the highest passing score on the tests will become the nominee of assemblyman Waldie. Others with passing scores may be admitted if vacancies in the quota for the entering class exist.

The state-operated California Maritime Academy is located on Carquinez Strait, Vallejo, at the head of San Francisco Bay. The Academy program provides, in three years, approximately the same education as the normal four-year college. The graduate receives a B.S. degree, either in nautical science or in marine engineering. Well-paid jobs as licensed officers in the U.S. Merchant Marine await the graduates.

Those who are physically, and otherwise qualified, are eligible for commissions in the U.S. Naval Reserve. Students must pay a tuition fee which includes room and board, and must purchase their textbooks and uniforms.

To be eligible for admission, an applicant must, at the time of admission in August, 1960, be a high school graduate, unmarried, 17 years of age, but not over 23, (except in the case of veterans who may enter up to the age of 27), and meet certain physical and mental requirements.

Application to take the examination should be made to Assemblyman Jerome R. Waldie, 500 Lynn Avenue, Antioch, on or before March 1.

Further information may be obtained by writing to: The Dean of Instruction, California Maritime Academy, Vallejo, California.

## Motorists Asked To Drive With Extreme Caution

Captain Russel R. Magill, commander of the California Highway Patrol's office in Contra Costa, today appealed to all motorists to drive with extra care and caution during the coming holiday season.

"The tragedy of a fatal traffic accident, great as it is throughout the year, is magnified when it occurs during the Christmas season," Magill declared.

"Any traffic officer who has had to inform a person that a loved one has been killed in an accident knows what this tragedy means. But he doesn't know it nearly as well as do the victim's loved ones."

The highway patrol official said he has completed plans for a maximum enforcement program during the holidays. His officers, he emphasized, will pay particular attention to the more hazardous, accident-causing violations.

"Excessive speed and right of way violations are two of the most frequent causes of traffic accidents. We will be especially alert for these infractions," Magill declared.

"We will also be attentive to those drivers who have been drinking, because we want to get them off the highways before they get themselves and others into serious trouble," he concluded.

## Rocca, Graff Are Silver Beavers; Boy, 11, Honored

Silver Beaver awards for outstanding service have gone to Bernard Rocca, Jr., of 3829 Happy Valley Road, Lafayette, and C. Russell Graff, 19 Hillside Road, Danville, adult leaders in the Boy Scouts Mt. Diablo Council.

They were honored with three other leaders at the Council's 44th annual recognition dinner Saturday at the Richmond memorial auditorium.

## \$20,000 Pledged By Area Realtors

A \$20,000 pledge, endowing the lobby of John Muir Memorial Hospital, has been made by realtors and real estate salesmen of the Central Contra Costa area.

Signing the pledge on their behalf were Bill Hayward, A. J. Johnson, and William F. Anderson.

The Soroptimist Club of Lafayette and Orinda, with 29 active members, has given \$500 to the building fund.

"Our group feels that the new hospital for this area is a really worthwhile project," said Soroptimist President Miss Jane Pappas, who is principal of Happy Valley School.

Mrs. Robert Vossler of Lafayette is the club's vice-president.

These gifts bring the hospital building fund to over \$206,000 of its \$750,000 campaign goal, said Mrs. Frank Malley from John Muir Memorial Hospital Headquarters, 1359 Locust Street.

Rooms already designated as advance gifts include the hospital nursery, admitting office, recovery room, and lobby.

## Telephone Now, Avoid Rush, Says Greenhalgh

Long distance phone operators are expecting the biggest rush ever this Christmas Eve and Christmas Day, H. C. Greenhalgh, Walnut Creek, manager for Pacific Telephone here, said that maximum forces of operators will be on duty around the holiday clock to cope with the calling rush, but there are bound to be delays.

He recommended placing greeting calls before or after these two busiest phone days of the year, adding that it is a good idea to get the number to be called in advance of the placing of the call.

"Calls placed the day before Christmas Eve and the day before Christmas will have a better chance of going through immediately," Greenhalgh explained.

Phone users whose telephones are hooked up to the Direct Distance Dialing network were urged to dial their own calls whenever possible. This is the fastest way to get your call through.

Contra Costa County received \$147,888 as its share of the November highway users tax, it was announced.

The tax is split among the state highway fund for highways, the counties and the state highway fund for cities.

## SPEEDOMETER VIBRATES

If your speedometer has a tendency to vibrate, have an expert inspect it, advises the National Automobile Club. The vibration may be due to loose unions, looseness in the flexible shaft, or too sharp a bend in the latter. A lack of lubrication or incorrect meshing of the gears are two other causes of speedometer troubles.

## Wait Until Next Month to Prune Roses, Says CAN

Here are some items for the gardener to check this week:

Grapes may be pruned this month, but wait until January for roses, February for fuchsias.

Don't overlook old roses when planting the new. Varieties Peace and Charlotte Armstrong would go nicely with their newer All-American offspring.

Mulch all plant beds with manure this month and let winter's rains work it into the soil.

Traditional Christmas color can be added to your home with blooming plants of poinsettias.

Try a living Christmas tree this year if you are tired of trees that dry off and shed their needles. You can keep the tree in a tub for use in future years.

## MORE FREE TIME

As a Christmas gift, a new L.P. Gas range will bring Living Pleasure not only to the home-maker, but to the whole family. The automatic controls let the woman of the house take care of other duties while dinner is cooking. At the end of the day, she'll have more free time to spend with the family.

"FASHIONS 'N FESTIVITIES" was the theme of the annual Christmas luncheon of the Lafayette-Orinda Presbyterian Women's Association, held yesterday in the fellowship hall of the church. Shown as they arrived for the event are, left to right, the Mesdames Robert H. Goodale, William H. Slomp, Robert Corsi and Ralph T. Hickox. Fashions in the holiday mood were shown during the luncheon by Macil's Modes of Lafayette. Mrs. Goodale was in charge of the models and Mrs. Hickox was program chairman.

## Satisfaction Guaranteed With Plants As Presents

Nothing so gladdens the gardener's heart as a choice plant for Christmas. If you have a doubt about it, give him one this year and watch the reaction. We guarantee satisfaction.

The nicest thing about such a gift is that it is renewed each and every time it comes to bloom. Or so it seems at any rate. As the plant grows and as blooms increase, the gift gets better and better.

A CHECK with the California Association of Nurserymen would indicate that azaleas are one of California's favorite Christmas-gift plants. And small wonder. An azalea or two in full bloom would make any Christmas tree a pleasant one to wake up to.

A good many camellias are in bloom at the holiday season, and what nicer gift than one or two of these. We'd take camellias in bloom, out of bloom or any way you wanted to give them to us. The new All-America camellia is named Sparkling Burgundy. Heather appeals to us, too, and not only because it's in bloom at Christmas.

If you would give a very special gift, how about one each of the new All-America roses—Garden Party, Fire King and Sarabande.

And if you would give even more, add some of the other new roses that your nurseryman can show you.

SMALLER ITEMS that deserve space on your shopping list are African violets and cyclamen. They will brighten many a dark winter night.

There are other plants both

blooming and non-blooming that would make cherished gifts. How about enough privet to make a hedge for the gardener who needs one; a brace of flowering fruit trees for his parkway; or spreading junipers to fill that foundation planting?

Where the climate will take it, what possible gift could you give that would bring more joy than a rhododendron, or early blooming camellia or azalea? Where a patio or terrace needs plant material, what better gift than a tub or bamboo or a dwarf citrus tree

## A 'Kitty' for Christmas May Be Dangerous

"Citizens of Contra Costa should not purchase or accept animals of unknown origin for Christmas gifts," Dr. John Baier, assistant county health officer, warned.

He reminded citizens that the sale, gift or exchange of pet or wild skunks is prohibited by a Health Department quarantine order issued September 17, 1958.

He revealed that the Texas Health Department recently reported two rabid skunks had been sold by a pet dealer who used wild animals for his source of supply.

Similar incidents have occurred in other states.

In the past year, four Contra Costa County residents have had to take Pasteur treatment due to exposure to suspicious pet skunks.

Captured wild baby skunks are often shipped to other states for sale and the purchaser usually has no knowledge of the pet's origin.

## a feather-light electric blanket

the perfect gift for your Christmas list

Dial the temperature that suits you best. Then crawl into a bed that's entirely pre-warmed for perfect comfort. Sleep relaxed no matter how cold it gets, because your electric blanket maintains the temperature you set—automatically. And wake up refreshed, because an electric blanket is light as a feather, never weighs you down. Put one on your Christmas list. You can even treat yourself to this year-round comfort for as little as \$20.
